RELEVANT FACTS

TAX REFORM

The Act 1-2011, better known as the Puerto Rico Internal Revenue Code of 2011 (Code), was designed to, among other objectives, simplify the tax system of Puerto Rico. The changes made to our tax system by this legislation provide relief and incentives for, among others, corporations.

In the following topics we list the new tax benefits that apply to taxpayers that are corporations and the most significant changes made to the return.

We encourage you to review the educational material available in our website: www.hacienda.pr.gov, which provides more detailed information about the changes brought about by the Code.

NEW TAX BENEFITS

- A deduction of $ 750,000 is allowed for purposes of computing the net income subject to surtax. In addition, rates are reduced and levels of net income associated with this tax. In the case of a controlled group, the deduction will be distributed among all group members and they shall add the net taxable income subject to surtax to determine the applicable level.
- The recapture that applied to corporations whose taxable net income exceeded $500,000 is eliminated.
- The tentative minimum tax is reduced from 22% to 20% for purposes of calculating the alternative minimum tax.
- A deduction for charitable contributions is allowed up to 10% of the net income.
- The maximum basis to depreciate an automobile acquired and used in industry or business, or for the production of income is increased to $30,000. The maximum amount that can be claimed annually is increased to $6,000.
- There is a new line on the return for claiming the credit for the payment of additional duties on luxury cars under Act 42-2005.
- Partnerships are no longer taxed as an entity and its profits and losses flow to the partners.

This charge is in addition to any other interest, surcharges or penalties provided by the Code or any other fiscal law for omissions in fulfilling your tax responsibility. The Department will make the collection in a traditional or electronic manner.

FINANCIAL STATEMENT'S REQUIREMENT

If the entity has a volume of business from taxable operations of more than $3 millions, financial statements reporting the operations of the taxable year must be included with the return.

In cases in which the entity generates a volume of business equal to or greater than $1 million but less than $3 million, the entity may choose to submit financial statements which reflect the results of its operations for the taxable year. Every business that is up to date with its tax responsibility and under these conditions choose to include the financial statements, shall be entitled to a withholding waiver of the 7% on payments for services rendered.

The financial statement must include a balance sheet, an income statement and a statement of cash flows. These statements should be submitted with an Audit Report issued by a certified public accountant (CPA) licensed in Puerto Rico.

A report that includes consolidated financial statements in which the operations in Puerto Rico are presented as supplementary information will not be accepted. Also, compiled or reviewed statements are not acceptable. They must be audited.

CONTRACTS WITH GOVERNMENTAL ENTITIES

Every person, natural or juridical, contracted by a governmental entity must comply with the Executive Order 91-24, as amended, and the provisions of the Circular Letters in force at the time of processing the contracts. According to said provisions, every contract subscribed by a governmental entity must include a clause to certify that the contracted party filed the income tax returns for the last five years, and that the income, property, unemployment, temporary disability and driver's social security taxes, as applicable, have been paid.

In addition, in order to approve a contract or purchase order, the governmental entity must require the tax return filing (Form SC 6088) and debt (Form SC 6096) certifications from the Internal Revenue Area of this Department, the property tax certification from the CRIM and the corresponding certification from the Department of Labor and Human Resources. These documents must be requested annually.

In order to expedite the process of issuing the certifications, every person who has filed income tax returns for the last 5 years and who does not have tax debts, or if having debts, has formalized a payment plan, will receive the Tax Return Filing and Debt Certification automatically by mail (Form SC 2628). **For this purpose, it is necessary that if the corporation is contracted by a governmental entity, indicate so in the heading of the return, page 1.**

Sometimes a certification can not be issued in connection with the last taxable year since such return may have not been already processed. Because of this possibility, it is recommended to personally file the original return along with a copy, in order to receive back said copy sealed with the Department's receipt stamp. This service will be offered at the Department of the Treasury, Intendente Ramírez Building in Old San Juan, at the District Offices, at the Internal Revenue Collections Offices, and at the Orientation and Return Preparation Centers.

COUPON'S BOOKLET FOR THE PAYMENT OF ESTIMATED TAX (FORM 480.E-2)

If a corporation is a component member of a controlled group of corporations by December 31, the credit allowed to such corporation for the taxable year that includes such December 31, shall be an amount equal to $750,000 distributed among the corporations that are component members of the group or the applicable amount according to the apportionment plan.

If a corporation has a taxable year of less than twelve months that does not include December 31, and is a component member of a controlled group of corporations with respect to such taxable year, the allowable credit for that taxable year will be $750,000 distributed among the number of corporations that are component members of the group as of the last day of said taxable year.

In case of group of related corporations, the deduction for the computation of the surtax must be prorated among all corporations that are members of the related group of corporations. WHICH ENTITIES ARE SUBJECT TO THE ALTERNATIVE MINIMUM TAX?

Every corporation engaged in trade or business in Puerto Rico, including insurance companies. It also applies to those corporations operating under the Puerto Rico Tax Incentives Act or under any other similar act, with respect to that portion of income derived from taxable operations.

The following entities are not subject to the alternative minimum tax: (1) foreign corporations not engaged in trade or business in Puerto Rico; (2) partnerships; (3) special partnerships; (4) registered investment companies taxable under the provisions of Subchapter L of the Code; (5) corporations operating under Act 8-1987 or under any other similar act, but only on its income derived from its exempt operations; (6) exempt real estate investment trusts; (7) corporations of individuals; (8) corporations under the provisions of Tourism Acts; (9) bona fide farmers; (10) employees-owned special corporations and ordinary and extraordinary members.

Prepare and file this schedule with the income tax return, **even though no amount may result subject to the imposition of the alternative minimum tax**.

PART I - ADJUSTMENTS IN THE COMPUTATION OF THE ALTERNATIVE MINIMUM NET INCOME BEFORE BOOKS ADJUSTMENTS AND OPERATING LOSSES

Line 1- Enter the net income prior to any net operating loss, considering the credit allowed by the Code in relation to dividends received from domestic corporations from industrial development income and excluding the net capital gain that you elect to pay taxes at the special tax rate of 15% or any other applicable under special legislation. Add lines 2 and 5 of Form 480.2 and subtract lines 24, 25, 26 and 27 of Schedule D Corporation, as applicable. Another alternative for this computation is adding line 28 of Schedule D Corporation and line 2 of Form 480.2.

Line 2 - Enter on lines 2(a) through 2(f) the adjustments to determine the Alternative Minimum Net Income prior to book adjustments and operating losses. If the adjustments to determine the Alternative Minimum Net Income in Part I exceed the amount used to determine the regular tax, the difference (negative) is considered a deduction. On the contrary, if the amount used to determine the regular tax exceeds the adjustments, the difference (positive) will be reflected as an additional adjustment to the net income.

Line 2(a) - If you used the flexible depreciation method to compute your regular tax, determine the depreciation using the straight-line method and enter here the difference between both methods.

Line 2(b) - If you are a merchant in personal property and reported gains through a sales installment plan for the regular tax, you must recognize the gain (or loss) in its entirety for the year in which the personal property was sold. Enter on this line the difference between both methods.

Line 2(c) - If you used the completed contract accounting method to report the income (or loss) derived from construction of projects, and such activities exceeded one year, recompute your profit (or loss) under the percentage of completion method. Enter on this line the difference between both methods.

Line 2(d) - If the corporation is a financial institution, determine the amount of interest expense not allowable as a deduction attributable to interest income derived from exempt obligations, irrespective of the date of its acquisition.

This will be made based on the average balance ratio of assets of the institution. The adjustment does not apply to exempt obligations related to mortgage loans granted or guaranteed prior to September 1, 1987 by the Government of Puerto Rico, its agencies, municipalities and instrumentalities, which interest would have been deductible from the gross income to determine the tax imposed by Act No. 34 of June 4, 1975, as amended.

Line 2(e) - If you used the accelerated depreciation method to determine the regular tax, compute the depreciation using the straight-line method. Enter on this line the difference between both methods.

Line 2(f) – Enter the expenses incurred or paid to a related person, as this term is defined in Section 1091.01(a)(3) or 1092.01(a)(3) of the Code, whichever applies, for services rendered outside of Puerto Rico if these payments are not subject to income tax under the Code.

Line 4 - Enter your net income (or loss) as per your Income Statement. For this purpose, **Income Statement means** a financial statement that reflects the results of the operations of the corporation for the taxable year, accompanied by a Balance Sheet and a Statement of Cash Flows. Line 5 - Determine the amortization expense as reported in your financial statements for goodwill acquired prior to June 30, 1995 or after July 1, 1995 purchased from affiliates. PART III - COMPUTATION OF THE ALTERNATIVE MINIMUM NET INCOME

Line 19 - Enter your net operating loss deduction to be used in the determination of the alternative minimum tax. The amount of this deduction cannot exceed 90% of the alternative minimum net income determined without considering this deduction. **Any excess of net loss may be carried over to each one of the following 7 taxable years.** The net operating loss will be adjusted as established by the Code.

Line 21 - The alternative minimum tax allows an exemption of $50,000 if the alternative minimum net income is $500,000 or less. That exempt amount is reduced by 25% (but not less than zero) of the excess of the alternative minimum net income over said amount. If your alternative minimum net income is $700,000 or more, you are not entitled to claim any exemption. To determine the exempt amount follow the instructions below:

A. Maximum exempt amount	$50,000
B. Total line 20	________

PART IV - COMPUTATION OF THE ALTERNATIVE MINIMUM CREDIT FOR FOREIGN TAXES PAID

Line 25 - If line 18 is less than $500,000, the exempt amount is $50,000. If line 18 exceeds $500,000, but less than $700,000, the exempt amount will be $50,000 less 25% of the excess over $500,000.

Line 30 - Compute your credit for foreign taxes paid according to the Code. Use the formula indicated and adjust the net income by the adjustment items specified in the Code. The formula is as follows:

Any increase to the Alternative Minimum Net Income due to the adjustment for the excess of net income as per the Income Statement, will have the same proportion and character of the Alternative Minimum Income determined without considering such increase.

The calculated credit is subject to an additional limitation. It may be reduced up to 90% of the Tentative Minimum Tax (line 23) without considering the deduction for net operating loss used in the determination of the alternative minimum tax. Determine the credit limitation amount on lines 23 through 30. **Any credit amount not claimed in the taxable year can be carried over to the following 7 years.** No part of the credit may be carried back.

PART V - COMPUTATION OF THE ALTERNATIVE MINIMUM TAX

SCHEDULE D CORPORATION - GAINS AND LOSSES FROM SALE OR EXCHANGE OF PROPERTY AND COMPUTATION OF THE TAX AT PREFERENTIAL RATES

Use this schedule to determine the gains or losses from the sale, exchange or disposal of the capital assets and the income tax subject to preferential rates.

A capital asset may be defined as a property acquired for investment owned by the taxpayer (related or not to its industry or business), but does not include: (a) goods in hand of the taxpayer's business or other property of similar nature that can be properly included in the taxpayer's inventory, if it was in hand at the close of the taxable year, or property owned by the taxpayer primarily for the sale to customers during the ordinary course of its trade or business, or (b) property used in its trade or business subject to the allowance for current depreciation, or real property used in its trade or business.

Capital gains or losses are classified as short or long term, depending on the period held. If the assets were held for not more than 6 months, it is considered as **short-term** gain or loss. On the other hand, if the assets were held for more than 6 months, it is considered as **long-term** gain or loss.

To determine short and long-term capital gains or losses, you must provide the description and location of the property sold, indicate if the adjusted basis was increased by the prepayment of the tax and complete the information in Columns (A) through (F) of Parts I and III, and Columns (A) through (G) of Part II with respect to the properties.

The uniform tax rate in case of corporations is 15%.

As a general rule, the adjusted basis of the property is its original cost plus the cost of the permanent improvements, less depreciation. Do not include lodging expenses (i.e hotels) nor travel expenses (i.e. airline tickets).

Provisions applicable to the adjusted basis of certain capital assets:

The adjusted basis must include the increase in accumulated value of included capital assets on which the 10% special tax was prepaid during the period of **July 1 to December 31, 2006**, as provided in Section 1121A of the Internal Revenue Code of 1994, as amended (1994 Code).

Those taxpayers who benefited from the 10% special tax rate, must indicate it by filling in the oval in Parts II and III of this Schedule. **You must keep for your records Form AS 2731 with the corresponding Schedule**.

Any amount or increase in value of the included capital assets generated after the election provided by Section 1121A of the 1994 Code, must be taxed according to the law provisions in force at the moment in which the sale, exchange or other disposal of such capital assets finally takes place.

Selling expenses include sales commissions, advertisements, legal fees, appraisal and other similar expenses. Do not include lodging expenses (i.e. hotels) nor travel expenses (i.e. airline tickets).

Recognition of loss:

Losses generated in the sale of capital assets for which the 10% special tax was prepaid, shall be adjusted according to the income tax rate in force applicable to this kind of transaction at the moment of the sale of such assets, before the use or carry over of said loss by the corporation. According to the above, such loss will be adjusted by a formula or fraction, where the numerator will be the 10% rate and the denominator will be the income tax rate in force at the date on which the sale of the asset took place.

Line 16 - Enter the total amount of other exemptions from gross income for which there is no specific line provided on this Schedule, even if they are granted by special laws.

SCHEDULE R CORPORATION – PARTNERSHIPS AND SPECIAL PARTNERSHIPS

Complete Schedule R if the corporation is a partner of one or more partnerships or special partnerships.

Part I of Schedule R is used every year to determine the taxpayer's basis in each partnership or special partnership. Part II of this schedule is used to determine the net income or loss of the partner's share in one or more partnerships and special partnerships, including those losses carried over from previous years. Part II provides for the losses to be reduced by the distributable share of income and profits attributable to the partner during the year between the different partnerships and special partnerships.

You must complete this schedule annually, whether the partnership or special partnership has derived or not gains or losses.

PART I - ADJUSTED BASIS DETERMINATION OF A PARTNER IN ONE OR MORE PARTNERSHIPS OR SPECIAL PARTNERSHIPS

Line 1 - Enter the amount from Part I, line 4 of previous year Schedule R Corporation.

The basis of a partner's interest from a partnership or special partnership will be the amount of cash, or the adjusted basis of any property that is not considered cash, contributed to said partnership.

This basis will be adjusted by the following items or transactions made during the taxable year that the determination is made and others included on the previous year income tax return:

Line 2 - Basis increase

(a) Enter the partner's distributable share on previous year's income and profits.

For example, in case of a taxpayer with a calendar taxable year, enter the total distributable share on the partnership or special partnership's income or profit included on the income tax return filed on April 15 of previous year (or later if you requested an extension of time to file your return). This amount must be the same as the one shown on line 7, Part II of Schedule R included on the previous year income tax return.

(b) through (d) These entries are from the current taxable year.

(e) Enter the proportion of income or gain attributable to your share on the income from agriculture earned by the partnership or special partnership, which is tax exempt under Section 1033.12 of the Code.

(f) Enter other income or gains like for example, the distributable share on the dividends and interest received by the partnership or special partnership.

Line 3 - Basis decrease

(a) Enter the distributable share on the loss attributable to the partner in the previous year.

For example, in case of a taxpayer with a calendar taxable year, enter the total distributable share on the partnership or special partnership's loss included on the income tax return filed on April 15 of the previous year (or later if you requested an extension of time to file your return). To determine the total loss claimed on the previous year return, add lines 5(c), 8 and 13 of Part II from Schedule R included on the previous year return. In order to add lines 5(c), 8 and 13 use the parenthesis of line 8, if the excess is a loss. For example, if line 5(c) is $12,000, line 8 ($2,000) and line 13 $1,000, the result will be $11,000 ($12,000 + ($2,000) + $1,000).

(b) The distributable share on partnership or special partnership's capital assets loss.

(c) Distributions made to the partner by the partnership or special partnership, whether in cash or in property, including tax exempt income.

(d) The amount claimed as credit against the income tax in the previous taxable year for investments made in partnership or special partnership engaged in the production of feature films or under the Puerto Rico Tourism Development Act of 1993, the Puerto Rico Capital Investment Fund Act, the Puerto Rico Agricultural Tax Incentives Act, as amended, or any other credit admitted by law to the partners related to the partnership or special partnership's activities.

(e) The amount claimed as credit against the income tax for withholding of tax at source from the distributable share made to a resident partner (30%) or to a non-resident alien partner (29%).

(f) Any expense from the partnership or special partnership not allowed as a deduction while determining your net income and that is not capitalized.

(g) The distributable share on net losses from tax exempt operations under the Tourism Incentives Act of 1983 and the Tourism Development Act of 1993.

(h) **Only in the case of partnerships**, the charitable contributions made to eligible entities.

Line 4 - If the amount on this line is less than zero, enter zero.

PART II - DETERMINATION OF PARTNER'S ALLOWABLE LOSSES IN ONE OR MORE SPECIAL PARTNERHIPS OR PARTNERSHIPS

For taxable years beginning after December 31, 2010, if the special partnership or partnership derived losses, the partner may not claim such losses as a deduction from other income that is not the income derived from other special partnerships or partnerships. This loss will be limited to the adjusted basis of the partner's interest in the partnership at the end of the taxable year in which the partnership loss is claimed.

The adjusted basis limitation will be determined for each one of the special partnerships or partnerships in which is a partner.

Line 5(a) - Enter the amount distributed from the partner's loss in accordance to its share percentage in the special partnership or partnership. This amount is informed to the partner in Form 480.6 SE or 480.6S, respectively.

Line 5(b) - Enter the carryover losses which were not claimed in previous years due to the limitation. For the year 2011, this amount must be equal to line 14 of Part II of Schedule R included in return of the taxable year 2010. If a partner possesses shares in losses from more than one partnership or special partnership, the balance subject to the loss carryover, as determined in the previous taxable year, will be proportionally attributed to the loss of each one of the partnerships. Said attribution will be done by using as factor the adjusted basis of the partner's share in each one of the partnerships at the end of the previous taxable year.

Line 6 - Enter on this line the amount determined in Part I, line 4. If the special partnership or partnership has an exemption decree under the Puerto Rico Tourism Incentives Act or the Puerto Rico Tourism Development Act, you may use the debts of the special partnership or partnership in proportion to your share to increase your adjusted basis, only to claim losses of the special partnership or partnership from this activity.

Line 7 - Enter the partner's distributable share on the income and profits derived from the special partnership or partnership during the year. This amount is reflected on Form 480.6 SE or Form 480.6 S, respectively.

Line 8 - If the amount on this line is a loss, use the parenthesis.

Line 9 - Enter the smaller of the amounts on lines 6(c) and 8. This will be the maximum amount to which the partner is entitled to claim as a deduction for losses against income from other partnerships or special partnerships.

Line 12 - If the result is a net gain, transfer the amount to Part IV, line 15 of the return.

If the result is a net loss, it is not deductible but you can carryover it to future years. The balance of the loss carryover shall be allocated proportionally to the loss of each of the entities. The allocation is done using as a factor the adjusted basis of the partner's interest in each of the entities at the close of the taxable year.

SCHEDULE S CORPORATION - FARMING INCOME

Use this schedule to determine the agricultural taxable benefit. However, if you claimed benefits under the provisions of the Puerto Rico Agricultural Tax Incentives Act (Act 225-1995, as amended), refer to the Income Tax Return for Exempt Businesses under the Puerto Rico Incentives Programs - Special Acts (Form 480.30(II)LE).

Line 10 – If various payments were made in the periods described in the instructions for line 9, indicate the amount and date of the payments.

Line 11 – To determine the amounts to be entered in Columns (b), (c) and (d), you must complete lines 11 through 17 of the previous column.

Any overpayment, after covering the estimated tax payment of the corresponding installment, will be attributed first to the amount of estimated tax of previous installments due and not paid and then to the subsequent installments.

Section B – Penalty

Line 18 – 10% of the estimated tax of each installment due but not paid will be added to the tax.

Line 19 – The amount determined on this line reflects the proportion of the penalty attributable to the installments of estimated tax paid after the due date, if applicable.

OBLIGATION TO PAY ESTIMATED TAX

IMPORTANT NOTICE

Beginning on taxable year 2010, the requirement to file the Estimated Tax Declaration (Form 480-E) was eliminated. However, the obligation to make the estimated tax payments is still required.

ESTIMATED TAX COMPUTATION

The estimated tax computation will be made using an approximate calculation of the gross income that can reasonably be expected that the corporation will receive or accumulate, as applicable, depending on the accounting method in which the net income determination is based on, and an approximate calculation of the deductions and credits provided by the Code or special laws, including the non refunded tax paid in excess corresponding to the previous taxable year.

PAYMENT OF ESTIMATED TAX

The estimated tax for the taxable year will be paid in four installments:

1st installment:	the 15th day of the fourth month
2nd installment:	the 15th day of the sixth month
3rd installment:	the 15th day of the ninth month
4th installment:	the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the third month and prior to the first day of the sixth month of the taxable year, the installments will be:

1st installment:	the 15th day of the sixth month
2nd installment:	the 15th day of the ninth month
3rd installment:	the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the fifth month and prior to the first day of the ninth month of the taxable year, the installments will be:

1st installment:	the 15th day of the ninth month
2nd installment:	the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the eighth month and prior to the fifteenth day of the twelfth month of the taxable year, the estimated tax will be paid in its entirety on the 15th day of the twelfth month of the taxable year.

The estimated tax installments will be paid together with a payment coupon (Forms 480.E-1 or 480.E-2). Taxpayers who paid estimated tax in the previous year, will receive a booklet containing 4 coupons (Forms 480.E-2) with their name, address and employer identification number. New taxpayers or taxpayers who have not received the coupons booklet, must visit the Taxpayer Service Center (Office 101) of the Department of the Treasury in Old San Juan, where the payment coupons (Form 480.E-1) will be prepared. You may also make the payments without the need of a coupon using Payments Online. For additional information, please call (787) 722-0216.

The estimated tax payments must be made through Payments Online, in the participating banks (if you have the preprinted coupon), at the Internal Revenue Collections Offices or mailed to the Returns Processing Bureau to the following address:

DEPARTMENT OF THE TREASURY
RETURNS PROCESSING BUREAU
PO BOX 9022501
SAN JUAN PR 00902-2501

Payments with checks in participating banks must be made payable to the order of such banks. Payments with managers checks, checks or money orders at the Internal Revenue Collections Offices will be made payable to the Secretary of the Treasury.

CHANGES IN THE ESTIMATED TAX COMPUTATION

If there is any change in the estimated tax computation as a result of a change in income, deductions or for any other reason, the remaining installments must be proportionally increased or reduced to reflect the increase or reduction in the estimated tax.

PENALTIES

For taxable years beginning after December 31, 2009, the Code establishes a 10% penalty of the amount not paid of any estimated tax installment. For this purposes, the estimated tax will be the smaller of:

1) 90% of the tax for the taxable year, or

2) the total income tax determined as it results from the preceding year's income tax return.
