Schedule 1: Puerto Rico Ports Authority ("PORTS") - Actual Results, Month of January 2024

**Primary Business Activity:** The Puerto Rico Ports Authority is responsible for developing, improving, and administering all types of transportation facilities and air/sea services, as well as establishing and managing maritime collective transportation systems in, from, and to Puerto Rico.

# Key Takeaways:

Jan YTD, unrestricted cash increased by \$15.9M, from \$118.5M to \$134.4M mainly driven by the receipt of \$18.0M from FEMA, and \$15.0M from Hacienda designated for improvements of the Pier 15. These were partially offset by incremental expenses in insurance premium cost, and disbursements pertaining to last fiscal year. Accelerated disbursements of this year mainly in purchase and professional services also impacted the operating results.

Schedule 2: Medical Services Administration ("ASEM") - Actual Results, Month of April 2024

**Primary Business Activity**: ASEM plans, organizes, operates, and administers centralized health services, provided in support of the hospital and other functions, offered to member institutions and users of the medical complex, the Puerto Rico Medical Center.

# **Key Takeaways**

Apr YTD, cash increased by \$0.5.M, from \$10.7M to \$11.2M mainly driven by intergovernmental revenues of \$151.5M, and operating receipts of \$26.8M. These were partially offset by operating disbursements of (\$177.8M), which includes (\$3.4M) of utilities regarding FY23. ASEM received \$7.9M as part of the Central Government's Uniform Classification and Remuneration Plan that were disbursed in December. There are ongoing risks to liquidity at ASEM primarily driven by timing/collection risk associated with large institutional payers. They are highly dependable on contributions from the General Fund.
