INDEPENDENT AUDITORS' REPORT

Opinions

We have audited the accompanying financial statements which comprise the statement of financial position and the related statement of activities and change in net position of the governmental activities, each major funds, and the aggregate remaining fund information of the Corporación del Proyecto Enlace del Caño Martin Peña (a component unit of the Commonwealth of Puerto Rico) (the Corporation), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major funds, and the aggregate remaining fund information of the Corporation as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 through 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Directors of
Corporación del Proyecto Enlace del Caño Martin Peña
San Juan, Puerto Rico

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Required Supplementary Information (Continued)

Management has omitted the budgetary comparison that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the Corporation's basic financial statement. The accompanying schedule of expenditures of federal awards and the related notes as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and is not a required part of the basic financial statement.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the Statement as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 26, 2025, on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Corporation's internal control over financial reporting and compliance.

Management Discussion and Analysis
For the Year Ended June 30, 2024

The management of the Corporación del Proyecto ENLACE del Caño Martín Peña (the Corporation) provides this Management's Discussion and Analysis ("MD&A") for the readers of the Corporation's basic financial statements. This MD&A provides a narrative overview and analysis of the financial activities of the Corporation for the fiscal year ended June 30, 2024 and is intended to serve as an introduction to the basic financial statements, which have the following components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to the financial statements. The MD&A is designed to: (a) assist the reader in focusing on significant financial matters; (b) provide an overview of the Corporation's financial activities; and (c) highlight individual fund matters. We encourage readers to review this information together with the Corporation's basic financial statements that follow.

Financial Highlights

General Fund

- The General Fund balance for fiscal year 2024 increased by \$1,627,755 or 27% when compared to fiscal year 2023.

Government-Wide

- The Corporation reported net position at year-end of \$11,905,258, comprised of \$13,719,513 in total assets offset by \$1,814,255 in total liabilities.
- The Corporation's net position at year end decreased by \$16,539,268 as a result of this year's operations.
- The Corporation's governmental activities had total revenues of \$4,889,164, which were less than total expenses of \$21,428,432.

Major Financial Elements

Revenues

The General Fund is the primary operating fund of the Corporation. General Fund revenues are broadly based on appropriations from the Commonwealth of Puerto Rico's general fund and proceeds from joint resolutions for capital improvements.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Management Discussion and Analysis (Continued)
For the Year Ended June 30, 2024

Expenditures

Expenditures consist principally of grants and subsidies (used for acquisition of land and relocation), personal services, other services, materials and supplies, equipment purchases, capital outlays, and transfers.

Overview of the Financial Statements

The following discussion and analysis are intended to serve as an introduction to the Corporation's basic financial statements for the fiscal year ended June 30, 2024. The Corporation's basic financial statements comprise of three (3) components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains additional required supplementary information in addition to the basic financial statements themselves. These components are described below.

The basic financial statements include two kinds of financial statements that present different views of the Corporation, the government-wide financial statements, and the fund financial statements. These financial statements also include the notes to the basic financial statements that explain some of the information in the financial statements and provide more detail.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Corporation's finances, in a manner similar to a private-sector business. The government-wide financial statements are comprised of the Statement of Net Position and the Statement of Activities and Changes in Net Position. Both government-wide financial statements include functions of the entity that are principally supported by intergovernmental revenues.

- **Statement of Net Position** - This presents all of the government's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in the Corporation's net position may serve as a useful indicator of whether the financial position of the Corporation is improving or deteriorating.
- **Statement of Activities and Change in Net Position** - This presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (such as earned but unused vacation leave). This statement also presents a comparison between direct expenses and program revenue for each function of the Corporation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Corporation, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related governmental requirements. The funds of the Corporation are classified as governmental funds.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Management Discussion and Analysis (Continued)
For the Year Ended June 30, 2024

Fund Financial Statements (Continued)

The governmental fund is used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government wide financial statements. By doing so readers may better understand the long-term impact of the government's near-term financing decisions. Both, the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances, provide a reconciliation to facilitate this comparison.

These reconciliations are presented on the page immediately, following each governmental fund financial statement.

The Corporation has two major governmental funds. That is, each major fund is presented in a separate column in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances (deficit). The Corporation's two major governmental funds are the General Fund and the Capital Projects Fund. The remaining non major governmental funds are grouped and presented in a single column in the governmental funds financial statements. The basic governmental funds financial statements can be found following the government-wide financial statements.

Notes to Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the funds financial statements. The notes to the basic financial statements can be found immediately following Reconciliation of the Statement Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities and Change in Net Position.

General Fund Financial Analysis

Total General Fund revenues for fiscal year 2024 amounted to \$4,425,416 which represents an increase of 43% as compared to actual revenues for fiscal year 2023. Total expenditures for fiscal year 2024 amounted to \$2,488,004 and represented a decrease of 54% as compared to actual expenditures for fiscal year 2023.

The difference between total expenditures and total revenues in the General Fund is referred herein as "Excess (Deficiency) of Revenues over Expenditures". For fiscal year 2024, the excess of revenues over expenditures of \$1,937,412 is \$4,238,253 more than the fiscal year 2023.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Management Discussion and Analysis (Continued)
For the Year Ended June 30, 2024

Government-Wide Financial Analysis

Net Position

Net Position may serve over time as a useful indicator of a government's financial position. Total assets and, total liabilities of the Corporation at June 30, 2024 amounted to \$13,719,513 and \$1,814,255, respectively, for a net position of \$11,905,258 compared to a net position of \$28,444,526 at the beginning of the current year.

A portion of the Corporation's net position reflects its investment in capital assets such as land, buildings, and equipment. The Corporation uses these capital assets to provide services to the residents; consequentially, these assets are not available for future spending.

Total assets decreased by \$16,203,998 or 54% as compared to the prior fiscal year, while total liabilities increased by \$335,271 or 23% during the current fiscal year when compared to the prior fiscal year.

Summary of Net Position

The following schedule summarizes the Corporation's net position at June 30, 2024 and 2023:

<u>Assets</u>	<u>2024</u>	<u>2023</u>
Assets	\$ 8,855,934	\$ 24,875,542
Capital Assets, Net	4,863,579	5,047,968
Total Assets	<u>\$ 13,719,513</u>	<u>\$ 29,923,510</u>
<u>Liabilities and Net Position</u>		
Liabilities Payable within One Year	\$ 1,502,972	\$ 1,204,914
Liabilities Payable after One Year	311,283	274,070
Total Liabilities	<u>1,814,255</u>	<u>1,478,984</u>
Net Position		
Net investment in Capital Assets	4,863,579	5,047,968

Total Net Position	<u>\$ 11,905,258</u>	<u>\$ 28,444,526</u>

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Management Discussion and Analysis (Continued)
For the Year Ended June 30, 2024

Changes in Net Position

The Corporation's net position decreased by \$16,539,268 or 58% from last year's total net position. The net position change was mainly due to an increase in accounts payable and a decrease in revenues, especially those related to legislative appropriations and joint resolutions for capital improvements. Approximately 91% of the Corporation's total revenues came from legislative appropriations, while .9% resulted from joint resolutions for capital improvements for the current fiscal year. The Corporation's largest expenses were for salaries, payroll taxes, professional services, repair and maintenance and acquisition and relocation of real estate expenses.

Results of Operations

For the fiscal years ended June 30, 2024 and 2023, the changes in net position were as follows:

<u>Revenues</u>	<u>2024</u>	<u>2023</u>
Program Revenues - Operating Grants	\$ 4,458,496	\$ 41,368,793
Federal Revenues Grants	415,644	-
General Revenues	<u>15,024</u>	<u>10,045</u>
Total Revenues	4,889,164	41,378,838
Expenses	<u>21,428,432</u>	<u>19,024,611</u>
Changes in Net Position	(16,539,268)	22,354,227
Net Position at Beginning of Year	<u>28,444,526</u>	<u>6,090,299</u>
Net Position at End of Year	<u>\$ 11,905,258</u>	<u>\$ 28,444,526</u>

Governmental Funds

The focus of the Corporation's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the Corporation's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of fiscal year 2024, the Corporation's governmental funds reported combined ending fund balance of \$7,204,655. This year, the expenditures exceeded the revenues by \$16,491,599. The general fund is the chief operating fund of the Corporation. At the end of the current fiscal year, the total restricted fund balance of the general fund was \$7,840,916. The fund balance of the Corporation's general fund increased by \$1,937,412 resulting in a current fiscal year's change in financial position. This is a 32% increase when compared to total general fund balance reported in fiscal year 2023.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Management Discussion and Analysis (Continued)
For the Year Ended June 30, 2024

Capital Assets

At June 30, 2024, the Corporation has not transfers or retirements of relocation land and relocation structures. During this year, the depreciation expense and accumulated depreciation amounted to \$76,557 and \$750,926, respectively.

Depreciation Expense

This expense is recorded on a straight-line basis over the estimated useful lives of the assets. In accordance with generally accepted accounting principles (GAAP), depreciation expense is calculated based on the original cost of the asset less an estimated salvage value, where applicable. For the fiscal year ended June 30, 2024, the amount of \$76,557 was recorded for depreciation expense in the Statement of Activities and Change of Net Position.

Capital Outlay Acquisitions

During the fiscal year ended June 30, 2024, the Corporation spend funds for capital assets acquisitions amounted \$117,128.

Financial Analysis of the Corporation's Funds

As of June 30, 2024, the Corporation's governmental funds reported a combined cash balance of \$8,677,474, as compared to prior year's \$24,849,081. The decrease is mainly due to revenue received in prior year from legislative appropriation and joint resolution for capital improvements that were incurred during this year.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Corporación del Proyecto Enlace del Caño Martín Peña (A Component Unit of the Commonwealth of Puerto Rico) (the Corporation) was created under Law No. 489 of September 24, 2004, as amended ("Ley para el Desarrollo Integral del Distrito de Planificación Especial del Caño Martín Peña"), hereafter Law 489-2004. The Corporation's Board of Directors consists of thirteen (13) members, seven (7) appointed by the Governor of Puerto Rico and six (6) appointed by the Mayor of the Municipality of San Juan. The Corporation's reporting entity does not contain any component units as defined in Governmental Accounting Standard Board No. 14.

The mission of the Corporation is to give priority attention to the environmental restoration of the district of Caño Martín Peña and rehabilitate and revitalize the communities in their north and south margins, in order to promote a healthy relationship between the natural environment and city, and surrounding communities, with a comprehensive vision of development and based on the community empowerment.

The financial statements of the Corporation have been prepared in accordance with accounting principles generally accepted in the United States as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

The Corporation has prepared required supplementary information titled Management's Discussion and Analysis, which precedes the basic financial statements.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Reporting Entity

The accompanying financial statements includes the organization units governed by the Executives officers of the Corporation. In evaluating the Corporation as a reporting entity, management has addressed the entire potential component unit.

The basic criteria for including a potential component unit within the reporting entity is, if potential component unit are financially accountable and other organization for which the nature and significance of their relationship with the entity are that exclusion would cause the Corporation's Financial Statement to be misleading or incomplete. The GASB has set forth criteria to be considered in determining financial accountability.

These criteria include appointing a voting majority of an organization's governing body and (1) ability to the Corporation to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Corporation.

The relative importance of each criteria must be evaluated in light of specific circumstances in order to determine which components units are to be included as part of the reporting entity. Our specific evaluation of the criteria applicable to the Corporation indicates that no organization meet the criteria to be included as component units. Accordingly, these basic financial statements present only the Corporation as the reporting entity.

Basis of Presentation, Measurement Focus and Basis of Accounting

The financial report of the Corporation consists of a Management Discussion and Analysis (MD&A), basic financial statements and notes to the financial statements. Following is a summary presentation of each, including the measurement focus and basis of accounting measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus.

Management Discussion and Analysis

This consists of a narrative introduction and analytical overview of the Corporation's financial activities. This analysis is similar to analysis the private sector provides in their annual reports.

Basic Financial Statements

Basic financial statements include both government-wide and fund financial statements. Both levels of statements categorize primary activities as governmental type.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide Financial Statements

The government-wide statements consist of a Statement of Net Position and a Statement of Activities and Change in Net Position. These statements are prepared using the economic resources measurement focus, which concentrates on an entity or fund's net position.

All transactions and events that affect the total economic resources (net position) during the period are reported. The statements are reported on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flow. Grants and similar items are recognized as revenue as soon as all eligibility requirements are met. Fiduciary activities, if any, whose resources are not available to finance government programs, are excluded from the government-wide statements. The effect of inter-fund activities is eliminated. The Statement of Net Position incorporates all capital (long lived) assets and receivables as well as long term debt and obligations. The Statement of Activities and Change in Net Position reports revenues and expenses in a format that focuses on the net cost of each function of the Corporation. Both the gross and net cost of the function, which is otherwise being supported by the general government revenues, is compared to the revenues generated directly by the function. This Statement reduces gross expenses, including depreciation, by related program revenues, operating and capital grants, and contributions.

The primary government is reported separately from the legally separate component units for which the primary government is financially accountable. The statement of net position presents the reporting entities' nonfiduciary assets and liabilities, with the difference reported as net position. Net position is reported in three categories:

- Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and amortization, and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.
- Restricted - Net position restricted results when constraints placed on the net position' use are either externally imposed by creditors, grantors, contributors, and the like or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted - Unrestricted net position consists of net position that do not meet the definition of the two preceding categories. Unrestricted net position often is designated to indicate that management does not consider them to be available for general operations. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

When both restricted and unrestricted resources are available for use, generally, it is the Corporation's policy to use restricted resources first, then the unrestricted resources as they are needed. The statement of activities demonstrates the degree to which the direct expenses of a given function, segment, or component unit are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function, segment, or component unit. Program revenue includes grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment, or component unit.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements

The financial transactions of the Corporation are recorded in individual funds, each of which are considered an independent fiscal entity. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures. Funds are segregated according to their intended purpose which helps management in demonstrating compliance with legal, financial, and contractual provisions. Governmental Funds are those through which most governmental functions of the Corporation are financed.

The governmental funds statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances with a column for each major fund and one column combining all non-major governmental funds. Major funds are determined based on a minimum criterion (percentage of the assets, liabilities, revenues, or expenditures) or based on the Corporation's official's criteria, if the fund is particularly important to financial statement users.

The Corporation reports the following major governmental funds:

General Fund - Accounts for all financial resources except those required in other funds. The Corporation has an assignment of \$5 million in funds allocated in compliance with Law No. 63 of June 18, 2016. These funds will be used by the Corporation to cover part of its operational expenses, as well as expenses at the stage of preconstruction and design of the Caño Martín Peña ecosystem restoration project, on infrastructure works, the acquisition of real estate and all related expenses to the relocation of eligible occupants, and for any other purpose related to the Proyecto Enlace del Caño Martín Peña. Also, the assigned funds under the Law No. 63 of June 18, 2016, can be used for matching requirements related to state, municipal, private entity, or federal grants.

Capital Projects Fund – This category includes General Funds under the Capital Expenditures category, dedicated to infrastructure and construction projects within the district.

Other Funds – Non-governmental grants and donations received, plus interest earned; funds for implementing a variety of initiatives under the federal AmeriCorps Program; promoting youth leadership; implementing after school violence prevention and educational programs; and designing stormwater infrastructure and performing environmental studies (Urban Waters Small Grant and Brownfields Hazardous and Petroleum Grants, US Environmental Protection Agency) and other miscellaneous income.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Deposits

Under Commonwealth of Puerto Rico statutes, public funds deposited in commercial banks must be fully collateralized for the amount deposited in excess of federal deposit insurance.

Concentration of Credit Risk

As of June 30, 2024, the Corporation kept depository bank balances in excess of the insurance coverage provided by the Federal Deposit Insurance Corporation, commonly known as FDIC, by approximately \$11,887,910.

Receivables

Receivables are recorded in the General Fund and Other Governmental Funds, and are considered collectible; accordingly, no provision for doubtful account has been established.

Capital Assets

Property and equipment purchased or acquired is carried at historical cost or estimated historical cost. The Corporation's capitalization policy is to capitalize individual amounts exceeding \$500. Other cost incurred for repair and maintenance is expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimates useful lives:

Building	33 years
Office Equipment	10 years
Vehicles	3 years
Computer Programs	6 years
Computer Equipment	6 years

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Compensated Absences

The Corporation accrues accumulated unpaid vacation and sick leave and associated employee - related costs when earned (or estimated to be earned) by the employee.

From July 1, 2016 and until April 28, 2017, with the exceptions explained below, the Corporation employees were granted vacations and sick leave in accordance with the “Reglamento de Personal para Empleados Gerenciales en el Servicio de Confianza de la Corporación del Proyecto ENLACE del Caño Martín Peña” (Personnel Regulations). Law No. 66 of April 26, 2014, for Fiscal and Operational Sustainability of the Government of the Estado Libre Asociado de Puerto Rico (Law 66-2014) limited the accrual of vacation and sick leave, and the payment for excess days accrued. Law No. 8 of February 4, 2017, for the Administration and Transformation of Human Resources in the Government of Puerto Rico (Law 8-2017) and Law 26 of April 29, 2017, for Compliance with the Fiscal Plan (Law 26-2017) established new parameters for the accrual of vacations and sick leave. Later, as per Law 32 of January 21, 2018, (Law 32-2018), the Corporation became exempt from the application of Law 8-2017 and as a consequence, the parameters for the accrual of vacation days changed.

During year 2019, the Corporation’s employees were granted vacations and sick leave as follows:

Vacations

For the period between July 1, 2016 and April 28, 2017, except for employees hired between February 4 and April 28, 2017, vacations were accrued as follows:

Period of Services as Corporation, Employee, per Type of Employment	Monthly Accrual	Maximum Annual Balance
<hr/>		
Regular Employment		
One (1) Year or Less	1.25 days	15 days
More than One (1), Less than Four (4) Years	1.75 days	42 days
Four (4) Years and Over	2.00 days	48 days
Temporary Employment		
One (1) Year or Less	1.00 days	12 days
More than One (1) Year	1.25 days	30 days

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Vacations (Continued)

Accrued days in excess of the maximum annual balance and up to sixty (60) days will be paid yearly. Employees hired between February 4 and April 28, 2017, accrued two (2) days monthly during that period only, and had the right to be paid during the fiscal year for the excess of sixty (60) days accrued, only if the Corporation had sufficient funds to make such payment.

For the period between April 29, 2017 to January 20, 2018, all employees accrued 1.25 vacation days monthly, equivalent to fifteen (15) days annually, and up to a maximum of sixty (60) days. Accrued days in excess of sixty (60) days cannot be paid. Any excess of sixty (60) days accrued by employees prior to April 29, 2017 had to be used by December 31, 2017.

After January 21, 2018 and while Law 26-2017 remains in effect, vacation days are accrued as per the Personnel Regulations. However, any excess of sixty (60) days cannot be paid.

Sick leave

For the period between July 1, 2016 and April 28, 2017, employees accrued sick leave as follows:

Type of Employment	Monthly Accrual	Maximum Annual Balance
Regular Employment	1.25 days	60 days
Temporary Employment	1.00 days	30 days

During this period, employees hired prior to February 3, 2017, may accrue up to sixty (60) days for regular employment and up to thirty (30) days for temporary employment, and any days accrued in excess will be paid annually only if the Corporation has sufficient funds. Employees hired between February 4 and April 28, 2017, may accrue up to ninety (90) days, and any days in excess will be paid annually only if the Corporation has sufficient funds.

After April 29, 2017 and while Law 26-2017 remains in effect, the following applies to all Corporation employees:

Type of Employment	Monthly Accrual	Maximum Annual Balance
Regular Employment	1.25 days	60 days
Temporary Employment	1.00 days	30 days

Days in excess of the ninety (90) day accrual limit cannot be paid.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Sick Leave (Continued)

The Corporation accrues a liability for compensated absences which meet the following criteria:

1. The Corporation's obligations relating to employee's rights to receive compensation for futures absences are attributable to employee's services already rendered.
2. The obligation relates to right that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria and requirements as established by GASB No. 16; the Corporation has accrued a liability for compensated absences, which has been earned but not taken by Corporation's employees. For the government-wide statements, the current portion is the amount estimated to be used in the following years. For the governmental funds statements, the current portion for compensated absences is only considered and represents a reconciling item between the fund level and government-wide presentation. Accrued compensated absences for the fiscal year ended June 30, 2024, amounted to \$314,975

The following is a summary of changes in the balance of compensated absences for the fiscal year ended June 30, 2024.

Balance June 30,2023	Additions	Retirements	Balance June 30, 2024	Due within One Year	Due in More than One Year
\$ 299,696	\$ 73,973	(\$58,694)	\$314,975	\$ 3,692	\$ 311,283

Encumbrances

Encumbrance accounting is employed in the governmental fund types. Under the encumbrance system all purchases orders, contracts and other commitments issued for goods and services not received at the year-end, are recorded in order to reserve that portion of the applicable appropriation.

Fund Balance Categories

The GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions" establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources in governmental fund. The fund balance categories are the following:

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Non-Spendable - are balances in permanent funds and inventories that are permanently precluded from conversion to cash

Restricted - requires that inflows and outflows of resources and balances be constrained to specific purpose by enabling legislation, external parties, or constitutional provisions.

Committed - are those balances with constraints imposed by the government using the highest level of decision-making authority. The constraint can only be removed or changed by the same decision-making authority taking the same type of action.

Assigned - are amounts intended for a specific purpose by a government's management (department/agency heads and other signatory authorities) and are also appropriations of existing fund balances.

Unassigned - are amounts available for any purpose. They are not precluded by a management decision, law or constitutional provision in the general fund.

Use of Estimates

The preparation of the financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the basis financial statements and the reported amounts of revenues and expenses during the reporting period. Actual result count differs from those estimates.

Risk Management

The Corporation is exposed to different risks of loss from torts, theft of, or damage to, and destruction of assets, error and omissions, employee injuries and illnesses, natural disasters, and other losses. Commercial insurance coverage is obtained for claims arising from such matters. The commercial insurance coverage and the premium are negotiated by the Treasury Department of the Commonwealth of Puerto Rico (the Treasury). The insurance cost is paid by Treasury and reimbursed by the Corporation.

Total Columns

Totals column on the financial statements is presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation since inter-fund eliminations have not been made.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Financial Statements (Continued)

Leases

The Corporation enters into lease agreement as a lessee for the use of the land. For the year ended June 30, 2024, the Corporation adopted the provisions in GASB Statement No. 87 Leases which required the recognition of lease assets and liabilities by lessees for those leases classified as operating leases, among other new requirements. For short-term leases with a maximum possible term of 12 months or less at commencement, the Corporation recognizes periodic inflows or outflows of resources. For lease contracts of more than 12 months in which the Corporation is the lessee, recognizes a lease liability and an intangible right-to-use lease asset based on the present value of future lease payments in accordance with the contract. Lease right-to-use assets are reported as assets in the statement of net position. The right-to-use lease assets are amortized over the term of the lease as the Corporation does not lease any underlying asset beyond its useful life. In the fund financial statements, governmental fund types recognize an expenditure and other financing source in the period the lease is initially recognized. Lease amendments that are expected to significantly change the amount of the lease liability or receivable from the previous measurement are remeasured and adjusted accordingly.

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements for which the Corporation is evaluating its applicability and effect, if any in the Corporation's financial statements.

GASB Statement Number		Adoption Required in Fiscal Year
101	Compensated Absence	2025
102	Certain Risk Disclosure	2025
103	Financial Reporting Model Improvements	2026
104	Disclosure of Certain Capital Assets	2026

2. DUE FROM GOVERNMENTAL ENTITIES

Due from governmental entities consist of grant receivables resulting from expenditures made that are pending to be reimbursed by the Puerto Rico Treasury Department and by federal agencies in the amount of \$26,461.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

3. RESTRICTED ASSETS

During fiscal year ended June 30, 2024, the Corporation received \$4.4 million in funds allocated in compliance with Law No. 63 of June 18, 2016. These funds will be used by the Corporation to cover part of its operational expenses, as well as expenses at the stage of preconstruction and design of the Caño Martín Peña ecosystem restoration project, on infrastructure works, the acquisition of real estate and all related expenses to the relocation of eligible occupants, and for any other purpose related to the Proyecto Enlace del Caño Martín Peña. Also, the assigned funds under the Law No. 63 of June 18, 2016, can be used for matching requirements related to state, municipal, private entity, or federal grants. This is an annual contribution received by the General Fund of the Central Government. Based on the requirements established by Law No. 63, the balance related to these funds at June 30, then, would be restricted. The Corporation's funds to administer the operations are provided by the Department of Treasury strictly for use in accordance Law 489-2004. Therefore, the funds received by the Department of Treasury are restricted.

Restricted assets of the Corporation included in the basic financial statements at June 30, 2024, consist of cash to be used for the following purposes:

Governmental Activities

Legislative Appropriations	\$ 4,425,416
Total Restricted Assets of Governmental Activities	<u>\$ 4,425,416</u>

Liabilities of the Corporation Payable from Restricted Assets consist of the following:

Governmental Activities

Accounts Payable	\$ 1,061,659
Liabilities of the Corporation Payable from Restricted Assets - Governmental Activities	<u>\$ 1,061,659</u>

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

4. CAPITAL ASSETS

The Corporation's capital assets activity for the year ended June 30, 2024, was as follows:

	<u>6/30/2023</u>		Retirements and	<u>6/30/2024</u>	
	Beginning Balance	Additions	Adjustment	Ending Balance	
<u>Capital Assets Not Being Depreciated:</u>					
Relocation Land	\$ 1,557,310	\$ -	-	\$ 1,557,310	
Relocation Structures	2,984,355	-	-	2,984,355	
Total Capital Assets Not Being Depreciated	4,541,665	-	-	4,541,665	
<u>Capital Assets Being Depreciated and amortized:</u>					
Office Equipment and Furnitures	219,533	37,813	-	257,346	
Computer Equipment	334,248	31,171	-	365,419	
Computer Programs	166,750	-	-	166,750	
Misc Equipment	67,430	6,849	-	74,279	
Vehicles	167,751	41,295	-	209,046	
Total Capital Assets Being Depreciated and amortized	955,712	117,128	-	1,072,840	
Less: Accumulated Depreciation and amortization	674,369	76,557	-	750,926	
Capital Assets, Net	\$ 4,823,008	\$ 40,571	\$ -	\$ 4,863,579	

Depreciation expense was charged as an administrative expenditure under general government activities for a total amount of \$76,557 in the accompanying Statement of Activities and Changes in Net Position. As established by Law No. 489-2004 and according to the regulations "Reglamento General para el Funcionamiento del Fideicomiso de la Tierra del Caño Martín Peña" and the "Reglamento para la Adquisición y Disposición de Bienes Inmuebles y el Realojo de Ocupantes en Distrito de Planificación Especial del Caño Martín Peña," all public lands acquired by the Corporation under Law No. 489- 2004, shall be transferred to the "Fideicomiso de la Tierra del Caño Martín Peña", a private, nonprofit community land trust whose mission is to manage its assets for the benefit of the communities that comprise the District. Accordingly, the transfer of land titles from the Corporation to the "Fideicomiso de la Tierra del Caño Martín Peña" shall be made as dictated by Law No. 489-2004 for the purposes established therein, and in the regulations approved for its implementation. As the Corporation became owner of such real estate as a result of legislation, it neither has an appraisal of those properties, nor has obtained such information from the public agencies that previously owned them. Pursuant to Article 22 of Law No. 489-2004, the "Fideicomiso de la Tierra del Caño Martín Peña" is responsible for the valuation of the lands.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

4. CAPITAL ASSETS (CONTINUED)

Although, most of the titles acquired by the Corporation under Law No. 489-2004 have already been transferred to the “Fideicomiso de la Tierra del Caño Martín Peña”, this is an ongoing activity. As of the date of these financial statements, the transfer some of the above-mentioned land titles from the Corporation to the “Fideicomiso de la Tierra del Caño Martín Peña” is still pending, either because the Corporation continues to gather information required to register its titles in the Property Registry, or the Corporation is preparing documents to be presented to the Property Registry for the registration of the land title in favor of the Corporation.

5. ACQUISITION AND RELOCATION EXPENSES

The acquisition and relocation expense for the fiscal year ended June 30, 2024, are composed as follows:

Buy and Sale Agreement	Involuntary Expropriation	Buy and Sell, and Deposit	Construction and other	Total
\$ 4,518,800	\$ 1,490,100	\$ -	\$ 849,851	\$ 6,858,751

6. RETIREMENT PLAN

The Corporation’s employees have historically participated in the Employees Retirement System (ERS) of the Commonwealth of Puerto Rico. As of June 30, 2024 no pension liability is recognized since the Corporation does not have retired employees in the Commonwealth retirement system. Therefore, no payments of the Pay Go pension reform was required by the Retirement System Administration to the Corporation for the year then ended.

PayGo Pension Reform

On June 27, 2017, the Puerto Rico Treasury Department issued Circular Letter No. 1300-46-17 in order to convey to the central government agencies, public corporations, and municipalities the new implementation procedures to adopt, effective July 1, 2017, a new “pay-as-you-go” (PayGo) mechanism for the Commonwealth Retirement Systems. With the start of fiscal year 2018, employers’ contributions, contributions ordered by special laws, and the additional uniform contribution were all eliminated. ERS will determine and administer the payment amount per retiree that will be charged to each agency, public corporation and municipality, including the Corporation.

Act No. 106 created the legal framework so that the Commonwealth can make payments to pensioners through the Pay-Go system. Act No. 106 also created a Defined Contributions Plan, similar to a 401(k) plan, which mandates the contributions of public servants, because future benefits will not be paid by the Commonwealth Retirement Systems.

Act No. 106, among other things, amended Act No. 12 with respect to the ERS’s governance, funding and benefits for active members of the actual program and new hired members. Under Act No. 106, the ERS’s Board of Trustees was substituted with a new retirement board (the Retirement Board), which is currently responsible for governing all Commonwealth Retirement Systems.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

6. RETIREMENT PLAN (CONTINUED)

PayGo Pension Reform (Continued)

Act No. 106 terminated the previously existing pension programs for ERS participants as of June 30, 2017. The members of the prior programs and new system members hired on and after July 1, 2017, will be enrolled in a new defined contributions program that will be selected by the Retirement Board. The accumulated balance on the accounts of the prior program will be transferred to the members account in the new defined contributions program. ERS's active members in the defined contributions program will retain their benefits as stated under Act No. 91 of March 29, 2003.

Act No. 106 also ordered a suspension of ERS's loan programs and ordered a merger of the administrative structures of the Commonwealth Retirement Systems. At the Retirement Board's discretion, the administration of ERS benefits may be externalized. The employees of ERS that are not retained under the new administrative structure will be transferred to other public agencies in conformity with Act No. 8 of February 8, 2017.

7. RELATED PARTY TRANSACTIONS

Law No. 489-2004, as amended, establishes the comprehensive development of the area designated as "Caño Martín Peña Special Planning District" (Special Planning District) as one of the Commonwealth of Puerto Rico priorities. In order to accomplish that public policy, the following entities and regulations were created under Law No. 489-2004:

- The Corporación del Proyecto ENLACE del Caño Martín Peña (the Corporation) was created as a public corporation and political subdivision of the Commonwealth of Puerto Rico with juridical personality independent and separate from its officials and any other public agency or government instrumentality. It was given with the responsibility of the coordination and implementation of the "Plan del desarrollo integral del distrito especial del Caño Martín Peña". As required by Law No. 489-2004, the Corporation shall transfer lands and real properties to the "Fideicomiso de la Tierra del Caño Martín Peña" (Fideicomiso) in order for the Fideicomiso to administer them for the benefit of the communities of the Special Planning District. Accordingly, the transfer of title of lands and real properties from the Corporation to the Fideicomiso is made as stated by Law No. 489-2004 and for the purposes established therein, and accordingly to the regulations approved for its implementation.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

7. RELATED PARTY TRANSACTIONS (CONTINUED)

- The Fideicomiso, a community land trust, was created as a private entity with separate juridical personality and at perpetuity. Since the land is collectively owned by the communities by means of the Fideicomiso, this entity has the responsibility to prevent the involuntary displacement of such communities and is an instrument to help overcome poverty. The corpus of the Fideicomiso comprises, among others, the lands transferred to the Corporation pursuant to Act No. 489- 2004, and later transferred by the Corporation to the Fideicomiso for the purposes established by Act No. 489-2004 and the regulations approved for its implementation. The transfers of lands from the Corporation to the Fideicomiso is executed under the regulations of “Reglamento general para el Funcionamiento del Fideicomiso de la Tierra del Caño Martín Peña” and “Reglamento para la Adquisición y Disposición de Bienes Inmuebles y el realojo de ocupantes en el Distrito de Planificación Especial del Caño Martín Peña”. These regulations were adopted by the Corporation as established under Law No. 489-2004 and Act No. 170 of August 12, 1988, as amended, known as “Ley de Procedimiento Administrativo Uniforme.”

- In addition to the transfer of land by the Corporation to the Fideicomiso, Act No. 489 grants power to the Corporation to work closely with the Fideicomiso in order to carry out the public policy for the development and wellbeing of the Caño Martín Peña Special District. As part of the work carried out, the Corporation executes land and building acquisitions from eligible residents, who are then rehomed under the standards of the Federal Uniform Relocation Act of 1970 (URA). The land and buildings that will not be transferred to public domain are transferred to the Fideicomiso. These acquisitions carried out by the Corporation are subsidized by funds assigned by the local government every fiscal year, and the Corporation has the responsibility to make sure these funds are utilized before their expiration. Due to the nature of these transactions and given the fact that this is a multi-year project, the Corporation has established a mechanism in which the Corporation, the eligible resident and the Fideicomiso enter into a “Compraventa y depósito” contract, in which the Fideicomiso is assigned the role of depository entity. This mechanism is used in the cases where the funds are close to reaching the end of their term, but the resident has yet to complete the selection of the relocation home which will be purchased as a substitute for the acquired land and building from which the resident was displaced. In this contract, the Corporation purchases the land and building to be acquired from the eligible resident, and the payment of this purchase is consigned in the Fideicomiso temporarily while the resident completes the selection of the replacement house. Given the fact that through this three-part contract the Corporation effectively purchases the home to be acquired, and grants the funds for the purchase of the substitute home, the payments made by the entity are registered as an expense. The Fideicomiso, as the depository entity, registers these funds as an account payable in favor of the eligible resident. Once the relocation home is purchased, the Fideicomiso emits the payments in favor of the resident for which the funds were consigned. The Fideicomiso does not charge a fee for these transactions, as depository entities normally due, nor does it generate any sort of benefit or income from these funds.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2024

8. LEASES

The Corporation enters into a lease agreement as a lessee for the use of land. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the face value of lease payments as of the date of their inception. The terms and conditions for these leases vary and provide contain renewal options. Payments due under the lease are fixed periodic payments and do not include any variable lease payments that depend on future performance or usage of the underlying asset. As of June 30, 2024, the Corporation recorded a right of use assets, net of \$151,999 related to the use of the land. No liability was recognized since the Corporation paid in advance the three (3) years lease; therefore, no future lease payments are recognized in the statement of net position.

9. LEGAL PROCEEDINGS

The Corporation is subject to various claims, legal proceedings and investigations covering a wide range of matters that may arise in the ordinary course of business. It is the Corporation's policy to routinely assess the likelihood of any adverse judgments or outcomes related to legal or regulatory matters, as well as ranges of probable losses. A determination of the amount of the reserves required, if any, for these contingencies is made after analysis of each known issue and consultation with the Corporation's external legal counsel. The Corporation records reserves related to certain legal matters for which it is probable that a loss will be incurred and the range of such loss can be reasonably estimated. Management discloses facts regarding material matters assessed as reasonably as possible and the associated potential exposure, if estimable. There are no pending litigations, unasserted possible claims, or assessments as of June 30, 2024. In addition, the Corporation as a component unit of the government of the Commonwealth of Puerto Rico is covered by a contingency fund of the central government created for this purpose.

10. UNCERTAINTY

The Corporation is highly dependent on the Commonwealth of Puerto Rico (the Commonwealth) appropriations to finance its operations and has historically relied on the Puerto Rico Department of Treasury for liquidity. Approximately 90% of the Corporation's total revenues are derived from the Commonwealth's appropriations, which amounted to approximately \$4.4 million for the year ended June 30, 2024. Moreover, the Corporation has limited ability to raise operating revenues due to the economic and political challenges of Puerto Rico. The Corporation's ability to continue receiving similar operational support and financing from the Commonwealth is uncertain. The financial difficulties being experienced by the Commonwealth is likely to have a significant adverse impact on the Corporation, given its reliance on Commonwealth appropriations.

11. SUBSEQUENT EVENTS

In accordance with GASB Codification Section 2250.109-116, the Corporation evaluated its subsequent events until the date on which the financial statements were ready for issuance.

The Corporation evaluated its subsequent events until March 26, 2025, date on which the financial statements were ready for issuance. The Corporation's management understands that no other material events occurred subsequent to June 30, 2024, that require being recorded or require additional disclosures in the financial statements.

CORPORACIÓN DEL PROYECTO ENLACE DEL CAÑO MARTÍN PEÑA
(A Component Unit of the Commonwealth of Puerto Rico)
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE A - GENERAL

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal grant activity of the Corporacion del Proyecto Enlace del Caño Martin Peña (the Corporation) under programs of the federal government for the year ended June 30, 2024. The information in the SEFA is presented in accordance with the requirements of the Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations. Because the Schedule presents only a selected portion of the operations of the Corporation, it is not intended to and does not purport to present the basic financial statements of the Corporation.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the SEFA are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 US Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Corporation has not elected to use the 10 percent "de minimis" indirect cost rate allowed under the Uniform Guidance.

The titles of federal awards included in the SEFA are presented as described in the Assistance Listing Number.

NOTE C - RELATIONSHIP TO THE FINANCIAL STATEMENT

Expenditures included in the SEFA amounting to \$848,880 agree with the amounts included in the Statement of Revenues, Expenditures and Changes in Fund Balances for purposes of the Federal Financial Assistance.

NOTE D – RESTRICTIONS

Each federal program has its own use restrictions. Those restrictions are included in the corresponding Corporation of Management Budget' s Assistance Listing.

NOTE E - GENERAL OBJECTIVE

The Corporation received federal awards from the following federal grantors/pass-through entities (1) U.S. Department of Housing and Urban Development (HUD), (2) Environmental Protection Agency (EPA), (3) Corporation for National and Community Services and (4) U.S. Department of Homeland Security. All federal grants have a particular purpose and objective, which is disclosed in each grant award and/or compliance supplement.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and aggregate remaining fund information of the Corporacion del Proyecto Enlace del Caño Martin Peña (A Component Unit of the Commonwealth of Puerto Rico) (the Corporation) as of and for the year ended June 30, 2024, and the related statement of activities and changes in net position and the related notes to the financial statements, and have issued our report thereon dated March 26, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Report on Compliance and other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclose no instances of non compliance or other matters that are require to be reported under Governmental Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Corporacion del Proyecto Enlace del Caño Martin Peña (A Component Unit of the Commonwealth of Puerto Rico) (the Corporation) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on the Corporation's major federal program for the year ended June 30, 2024. The Corporation major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Corporation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Corporation and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Corporation's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provision of contracts or grant agreements applicable to the Corporation's federal programs.

**To the Board of Directors of
Corporación del Proyecto Enlace del Caño Martin Peña
San Juan, Puerto Rico**

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE (CONTINUED)**

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Corporation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Corporation's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Corporation's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Corporation's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

To the Board of Directors of
Corporación del Proyecto Enlace del Caño Martin Peña
San Juan, Puerto Rico

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE (CONTINUED)**

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
