## GENERALINSTRUCTIONS

## WHO MUST FILE THIS RETURN?

Every corporation engaged in trade or business in Puerto Rico that has a Corporation of Individuals election currently in effect must file a return to report the income earned during the corresponding taxable year.

For purposes of this return, the terms corporation of individuals and stockholder include a partnership and a limited liability company and any corresponding partner or member if they are under the benefits of a corporation of individuals.

## WHEN AND WHERE IT MUST BE FILED?

This return must be filed not later than the 15th day of the third month following the closing of the corporation of individuals taxable year. For example, a corporation of individuals which accounting year is a calendar year (ending on December 31, 2013) must file the return not later than March 17, 2014.

The return must be filed in the Department of the Treasury, Returns Processing Bureau, located at 10 Paseo Covadonga, Intendente Ramírez Building in Old San Juan, or sent by mail to the following address:

DEPARTMENT OF THE TREASURY
PO BOX 9022501
SAN JUAN PR 00902-2501

It may also be delivered at the Internal Revenue Collections Office of your municipality.

## AUTOMATIC EXTENSION OFTIMETOFILETHERETURN

A three (3) month automatic extension of time to file the return will be granted if it is requested not later than the due date to file the return. This will be done using Form AS 2644.

An extension of time to file the return does not extend the time for the payment of the tax corresponding to the distributable share of the stockholder in the Corporation of Individuals.

## COLUMN OF CENTS

While completing the return, the column of cents will not be used. That way we can expedite its processing. It is important to remind you that it is not about rounding off, but eliminating the cents. See the following example:

$$
\begin{aligned}
& \$ 480.90=\$ 480 \\
& \$ 475.25=\$ 475
\end{aligned}

- funeral cars, flower carriages, buses, ambulances, motorcycles, trucks, vans and any other similar vehicle used primarily for transport of cargo; and

## Line 31 - Meal and entertainment expenses

You may deduct $50 \%$ of the expenses actually paid or incurred, up to $25 \%$ of the gross income of the taxable year, for meal and entertainment expenses directly related with the industry or for the production of income.

Said form will be required to determine the tax on nondeductible contributions and excess contributions to qualified retirement plans. This tax must be paid with the filing of this return.

These plans are subject to a periodic investigation to determine if they are in compliance with the applicable dispositions of the Code. If the dispositions are not met, the Secretary can cancel the plan and reject the deduction.

## Line 35 - Depreciation and amortization

Submit a detail of the current depreciation and amortization in Part (a) and Part (d) of Schedule E - Depreciation.

In the case of automobiles, the depreciation or lease expense (including operating leases) is limited to the smaller of the amount paid or $\$ 6,000$ annually for a maximum of 5 years. In the case of automobiles used by sellers, the deductible amount cannot exceed $\$ 10,000$ annually for a maximum period of 3 years.

This deduction will be allowed only for that part used in the trade or business, or for the production of income.

The $\$ 30,000$ basis limitation and useful life term do not apply to those automobiles acquired by a corporation of individuals engaged in the leasing, transportation of passengers or cargo businesses.

The Code allows a deduction for goodwill amortization, as long as the goodwill is purchased from third parties during taxable years beginning after June 30, 1995. The deduction will be determined using the straight-line method and a useful life of 15 years.

Also, the Code provides a deduction for amortization of intangible property, other than goodwill, acquired through purchase or developed in taxable years beginning after December 31, 2009. The deduction will be determined using the straight-line method and a useful life of 15 years or the intangible's useful life, whichever is less.

## Line 36 - Bad debts

The corporation of individuals may claim a deduction for the debts that become uncollectable within the taxable year (direct write-off method). The reserve method to compute the deduction for bad debts used under the Generally Accepted Accounting Principles (GAAP) is not allowed to claim the bad debts expense.
