This charge is in addition to any other interests, surcharges or penalties provided by the Code or any other fiscal law for omissions in fulfilling your tax responsibility. The Department will make the collection in a traditional or electronic manner.

FINANCIAL STATEMENTS REQUIREMENT

If the entity has a volume of income during a taxable year equal or greater than \$3 million, financial statements reporting the operations of the taxable year must be included with the return.

In cases in which the entity generates a volume of business equal to or greater than \$1 million but less than \$3 million, the entity may choose to submit financial statements which reflect the results of its operations for the taxable year. Every business that is current with its tax responsibility and under these conditions choose to include the financial statements, shall be entitled to a total or partial withholding waiver on payments for services rendered.

The financial statement must include a balance sheet, an income statement and a statement of cash flows. These statements should be submitted with an Audit Report issued by a certified public accountant (CPA) licensed in Puerto Rico.

Act 163-2013 established the requirement to include additional information in the financial statements attached with this return. In order to obtain additional information regarding the Guides for the Preparation of the Schedules Required as Supplementary Information, please refer to Administrative Determination No. 14-06 of March 6, 2014 and Administrative Determination No. 15-24 of December 23, 2015. The due date to submit the Supplementary Information is not later than the last day of the month following the due date to file the income tax return, including the automatic extension of time to file the income tax return. That is, a corporation with calendar year must file the return on April 15, therefore, the due date of the Supplementary Information will be no later than May 31. In case that the corporation requests an extension of time to file the income tax return, the due date of the return will be July 15, therefore, in this case the due date of the Supplementary Information will be August 31.

Also, Section 1061.15(a) of the Code establishes the requirement to submit consolidated financial statements including the result of operations for each member of the group of related entities doing business in Puerto Rico. About this, Administrative Determination No. 14-07 of March 12, 2014, establishes that this requirement will be considered as met by means of the filing of Form AS 2652.1, which must include the information corresponding to each member of the Group of Related Entities, including those that do not have the requirement to file the financial statements.

Every entity member of a group of related entities and that according with the previously indicated rules has the requirement to file audited financial statements, will be required to submit the supplementary information described in Section 1061.15(b) of the Code.

Therefore, for purposes of complying with the requirement to include audited financial statements with the income tax return of taxable years beginning after December 31, 2012, every entity that has generated volume of business of more than \$1 million during such year and that is a member of a group of related entities subject to the provisions of Section 1061.15(a)(4) of the Code, for the reason that the volume of business of such group of related entities is more than \$3 million, will be able to submit financial statements showing the financial position and the results of operations of such entity individually, without the need to submit consolidated or combined financial statements, as long as it includes, in the notes to such financial statements, a list of all related entities that are engaged in trade or business in Puerto Rico. Such information must include the name of each entity member of the group of related entities engaged in trade or business in Puerto Rico. An entity member of a group of related entities subject to the provisions of Section 1061.15(a)(4) of the Code but has not derived volume of business in excess of \$1 million for a taxable year, will not be required to submit audited financial statements for such year.

A report that includes consolidated financial statements in which the operations in Puerto Rico are presented as supplementary information will not be accepted. Also, compiled or reviewed statements are not acceptable. They must be audited.

CONTRACTS WITH GOVERNMENTAL ENTITIES

Every person, natural or juridical, contracted by a governmental entity, must comply with the Executive Order 91-24, as amended, and the provisions of the Circular Letters in force at the time of processing the contracts. According to said provisions, every contract subscribed by a governmental entity must include a clause to certify that the contracted party filed the income tax returns for the last five years, and that the income, property, unemployment, temporary disability and drivers social security taxes, as applicable, have been paid.

In addition, in order to approve a contract or purchase order, the governmental entity must require the tax return filing (Form SC 6088) and debt (Form SC 6096) certifications from the Internal Revenue Area of this Department, the property tax certification from the CRIM and the corresponding certification from the Department of Labor and Human Resources. These documents must be requested annually.

In order to expedite the process of issuing the certifications, every person who has filed income tax returns for the last 5 years and who does not have tax debts, or if having debts, has formalized a payment plan, will receive the Tax Return Filing and Debt Certification (Form SC 2628) automatically by mail. **For this purpose, if the corporation is contracted by a governmental entity, it must indicate so in the heading of the return, page 1.**

Since sometimes the tax return for the last filing year cannot be certified because the return has not been processed, it is recommended to personally file the original return along with a copy, in order to receive said copy sealed with the Department's receipt stamp. This service will be offered at the Department of the Treasury, Intendente Ramírez Building in Old San Juan, at the District Offices, at the Internal Revenue Collections Offices, and at the Orientation and Return Preparation Centers.

PART I - RECAPTURE OF CREDIT FOR INVESTMENT AND FOR DONATION OF A CONSERVATION EASEMENT OR ELIGIBLE LAND CLAIMED IN EXCESS

In Columns A, B and C you must enter the name and the employer identification number of the entity to which the credit for investment or donation of a conservation easement or eligible land claimed in excess belongs, and check the box that identifies the act that regulates the investment or donation made.

Enter the credit claimed in excess in previous years as a result of the intervention of the Secretary or Director of the Agency or Department, or the Board who regulates each of the following acts: Puerto Rico Tourism Development Act (Act 78-1993, as amended), Solid Waste Authority Act (Act No. 70 of June 23, 1978, as amended), Tax Incentives Act for the Investment in Facilities for the Waste Reduction, Disposition and or Treatment (Act 159-2011), Capital Investment Fund Act (Act No. 3 of October 6, 1987, as amended), Act for the Creation of the Theatrical District of Santurce (Act 178-2000), Act for the Development of the Film Industry (Act 362-1999), Puerto Rico Film Industry Economic Incentives Act (Act 27-2011), Act for Tax Credits from Investment in Housing Infrastructure (Act 98-2001, as amended), Act for Tax Credits for Investment in the Construction or Rehabilitation of Rental Housing Projects for Low or Moderate Income Families (Act 140-2001), Act for Credit to Investors in an exempt business that is in the process of closing its operations in Puerto Rico (Act 109-2001), Conservation Easement Act (Act 183-2001, as amended), Economic Incentives for the Development of Puerto Rico Act (Act 73-2008) and Puerto Rico Green Energy Incentives Act (Act 83-2010).

The total investment carried out by the exempt business in the project is subject to the revision of the Secretary or Director of each Agency or Department, or the Special Work Board (Board) in case of the Theatrical District of Santurce. If the investment credit claimed by the investors exceeds the investment credit computed by the Secretary, the Director or the Board, this excess shall be due as income tax. In some cases this debt must be paid by the investors in one installment, and in other cases in two installments beginning with the first taxable year following the date in which the unfulfillment or revocation of the credits is determined or any other date provided by law. The Director, the Secretaries or the Board will notify the Secretary of the Treasury the excess of credit claimed by the investors.

The provisions of credit recapture previously mentioned will not apply to participants and investors that are not developers in a project under the Tourism Development Act or the Solid Waste Authority Act.

In case of condohotels, the integrated leasing program operator must file an annual report to the Director and to the Secretary identifying the participant units in the integrated leasing program. Said report must indicate the participation beginning date of the participant units, as well as the date or dates in which one or more units were withdrawn from the program.

In case of Act 178-2000 (theatrical business), Act 140-2001 (rental housing), and Act 109-2001 (business closing operations), if any unit or business is withdrawn from the program, cease its operations or do not comply with any of the requirements provided by the corresponding act before the expiration of the 10 year period or other period provided by law, the investor will owe as income tax an amount to be computed as provided by the act or as follows, as applicable:

$$\begin{array}{rcl} \text{Income Tax} & & \text{Total investment} \\ \text{owed} & = & \text{credit claimed} \\ & & \text{per unit or business} \end{array} \times \begin{array}{r} \text{Balance of the} \\ \text{10 year period} \\ \hline 10 \end{array}$$

In case of owners of a levied property by a conservation easement or donors, in case of an eligible land, they shall be subject to the recapture of the tax credits granted in the event that the obligations included in the constitution deed of the conservation easement or donation of an eligible land are not fulfilled, as applicable, but only in those cases in which it is impossible to return the land to its original condition. These dispositions will also apply when the perpetuity requirement is not fulfilled by the owners and the titular of the easement.

The income tax amount owed must be paid in one or two installments, whichever applies, beginning with the first taxable year following the date of the withdrawal of the unit, the first taxable year following the cease of operations or any other date provided by law.

Line 1 - Enter the total excess of credit notified by the Director, the Secretary or the Board, or in the case of condohotels, theatrical business, business closing operations or rental housing projects for low income families, the total of income tax debt according to the formula previously mentioned or established by law.

If part of the excess was paid in the previous year, enter the balance owed.

Line 4 - If this is the first year that you make the recapture, subtract line 3 from line 1 and enter the difference. This will be the tax debt to be paid for next year. If this is the second year of recapture, subtract lines 2 and 3 from line 1.

Part II - Tax Credits

Act 40-2013 established a moratorium to certain tax credits and the essential requirement to all credit holders to inform the Secretary of the Treasury the amount of credits granted and approved as of June 30, 2013. Every taxpayer owning a tax credit must refer to the Internal Revenue Circular Letter No. 13-08 of July 22, 2013 ("CC 13-08") and the Act 27-2015, that establish the information and procedures related to the tax credits affected by Act 40-2013.

In those cases of corporations which have not benefited from tax exemption under Act No. 8 of 1987 for two taxable years, this credit will be granted to the parent company for the increase in investments made by the subsidiary after the end of its second year of tax exemption.

To be entitled to the credit, the investment should have been made prior to January 1, 1993.

This credit can be carried forward to the following taxable years. Nevertheless, investments made in real property to obtain the exemption indicated on paragraph 6, Subsection (a) of Section 4 of Act No. 8 of 1987, cannot be used for purposes of this credit.

This depreciation method does not apply to automobiles, property used outside Puerto Rico, property used by exempt entities and property used totally or partially in activities under the Industrial, Tax and Tourism Incentives Acts or Tourism Development Act, Agricultural Tax Incentives Act or any other successor act of similar nature or to intangible property.

Also, Act 212-2002, as amended (Act 212), provides a type of accelerated depreciation, where the constructed structure, that constitutes housing, can be depreciated using the straight-line method over a 7 year period. However, this deduction is available to persons that invest in housing construction or improvement in an urban center and that has not benefited from the credit provided in Article 4.03 E or 4.03 F of Act 212. For additional details, refer to Act 212 and its regulations, and Internal Revenue Circular Letter No. 08-14 of October 31, 2008.

The detail of the accelerated depreciation will be included in Part (c) of Schedule E - Depreciation.

f. Automobile expenses

The taxpayer have the option to claim a deduction in this line for the expenses related to the use and maintenance of an automobile based in one of the following alternatives:

- 1) the expense computed based on a standard mileage rate of sixty cents (\$0.60) per each mile that the taxpayer use to carry on an industry or business or for the production of income; or

- 2) the real expenses of automobile use and maintenance incurred by the taxpayer to carry on an industry or business or for the production of income, including those duly documented by the employees under an expenses reimbursement plan established by the employer.

Nevertheless, once an alternative is chosen, the taxpayer will have to use the same during the total taxable period.

The expenses of automobile use and maintenance includes repairs, insurance, gasoline, oil and filter changes, cleaning, tires, annual license fees and other expenses of a similar nature. This expense does not include depreciation, rental payments on ordinary leases or financial leases which are claimed on the line for depreciation and amortization using Schedule E. Also, do not include expenses related to the use of tolls or parking, as these may be deductible as miscellaneous expense.

For these purposes, the term "automobile" does **not** include the following:

- ↳ those used directly in the business of transporting passengers or property for which compensation or payment is made, such as limousines, taxis and public vehicles;
- ↳ funeral cars, flower carriages, buses, ambulances, motorcycles, trucks, vans and any other similar vehicle used primarily for transport of cargo, and
- ↳ cars rented or held for rental by persons regularly engaged in the business of car leasing.

If you incurred expenses for vehicles which are not considered automobiles according to the above definition, you should claim them on the other motor vehicle expenses line and submit the details.

Administrative Determination No. 15-01 of January 9, 2015, revoked several articles of Regulation 8297 of December 18, 2012, related with the requirements to claim the deduction for expenses incurred or paid for the use and maintenance of automobile. For additional details, see the Administrative Determination No. 15.01.

g. Other motor vehicles expenses

If you incurred expenses related to the use and maintenance of vehicles which are not considered automobiles according to the definition of the previous line, they should be claimed on this line and submit detail.

h. Bad debts

Instead, a deduction may be claimed for debts that become uncollectible within the taxable year (direct writeoff method).

Also, amounts owed to foreign related persons or nonresidents not engaged in trade or business in Puerto Rico will not be

deductible. Act 163-2013 add a new paragraph (c) to Section 1040.04 of the Code - Period for which Deductions and Credits are Claimed, to establish the following:

Amounts owed to foreign or nonresidents related persons not engaged in trade or business in Puerto Rico.

Among these deductions, the amount of contributions to educational contribution accounts for the employee's eligible beneficiaries up to the maximum amount of **\$500 for each beneficiary**, as provided by law should be included. Employer's contributions will be considered as ordinary and necessary expenses of the industry or business, and can be deducted as such in the year they are made. These contributions must be included as part of the employee's income by the employer in the year they are made, and can be claimed as a deduction by the employee in the same year. The trust's constitutive instrument must state that the participants will be those individuals that through a contract or application claim the benefits provided by such trust. **For more information, refer to Act 409-2000 and Regulation No. 6419 of March 27, 2002.**

Every industry or business that meets the requirements established in Act 212-2002, as amended, that creates new employments as part of a urban center revitalization process, will be entitled to a special additional deduction equivalent to 5% of the minimum salary applicable to each new employment created. Also, the transfer of your business with a minimum of 5 employees to a urban center, will entitle you to an additional deduction equivalent to 15% of the payroll expenses related to the employees transferred during the year in which the business was transferred. This deduction will be limited to 50% of the net income according to the Code, adjusted by the special deductions provided by Act 212-2002, without considering this deduction.

This act also grants other benefits like an exclusion for parking development, special exemption over income from loan interest, and accelerated depreciation.

For additional details, refer to Act 212-2002 and Internal Revenue Circular Letter No. 08-14 of October 31, 2008.

Also, enter on this line the credit claimed for contributions made to the Santa Catalina's Palace Patronage and the credit for contributions to the former governors foundations. For details, refer to the instructions of **Schedule B Incentives, Part II, line 21**.

Line 7 – Every exempt business under Act 83-2010 will be subject to a minimum tax. In the case of an exempt business that belongs directly in at least 50% to individuals residents of Puerto Rico, it will be 3% of green energy income of the business.

Line 9 – Subtract the tax withheld on royalty payments made during the year.

Line 10 – The payment required for minimum tax will be equal to the excess of the minimum tax over the net tentative tax. As the net tentative tax exceeds the minimum tax, the exempt business will not have to make a payment for minimum tax.

SCHEDULE Y1 INCENTIVES – COMPUTATION OF TAX CREDITS FOR EXEMPT BUSINESSES UNDER ACT 83-2010

PART I – CREDIT FOR PURCHASES OF PRODUCTS MANUFACTURED IN PUERTO RICO

Enter in the spaces provided, for each manufacturing business from which the products were acquired, the name, employer identification number, manufacturing business identification number and the value (cost) of each purchase (include a schedule if you acquire the products from more than one business). In case of manufacturing businesses with a tax exemption grant, the manufacturing business identification number will be the decree number. If the business does not have a decree, enter the number assigned by the Industrial Development Company. The eligible business must keep the necessary records evidencing the value of the purchases for which the credit is claimed. Do not include purchases of products that have been manufactured in Puerto Rico by persons related to the eligible business.

An eligible business, as defined by Act 83-2010, will be entitled to claim a credit against the income tax for the purchases of products manufactured in Puerto Rico, including component parts and accessories, equal to 25% of the purchases of said products during the taxable year in which the credit is claimed, or 35% if the products are made from recycled materials or recycled raw materials. This credit may be claimed up to a maximum of 50% of the income tax liability.

This credit will not be available and no credit will be granted to those businesses that had claimed any special deduction or credit of similar nature under any other incentives act.

For additional information, refer to Article 2.11(a) of Act 83-2010 and the corresponding regulations.

Line 5 – Enter the sum of lines 2 and 3 or line 8 of Part II of Schedule Y Incentives, whichever is larger.

PART II – CREDIT FOR JOB CREATION

Every exempt business beginning operations after July 19, 2010, will be entitled to claim a credit only against the green energy income tax, for each job created during its first year of operations.

The amount of the credit will depend on the industrial development zone where the exempt business operations are located, as follows:

Area	Credit
Vieques and Culebra	\$5,000
Low Industrial Development Zone	\$2,500
Intermediate Industrial Development Zone	\$1,000
High Industrial Development Zone	\$0

Line 3(b) – The generated credit not used during the first year of operations may be carried forward for a period that shall not exceed four years beginning in the first taxable year in which the exempt business generates net income. Detail on this line the amount of credit claimed in each one of the previous taxable years beginning on the date in which the same was generated and enter the total in the box.

Line 5 – Enter the amount of credit to be claimed against the tax liability for the current year. Transfer to Schedule Y Incentives, Part II, line 5(b).

For additional information, refer to Article 2.11(b) of Act 83-2010 and the corresponding regulations.

PART III - CREDIT FOR INVESTMENT IN RESEARCH AND DEVELOPMENT OF GREEN ENERGY SOURCES

Any exempt business with a tax exemption decree granted under Act 83-2010, may claim a credit for investment equal to 50% of the special eligible investment made in Puerto Rico after the approval of said act. The credit may be claimed against the green energy income tax.

The credit may be claimed in two or more installments: up to 50% of said credit may be claimed in the year the eligible investment is made and the balance in subsequent years until totally used.

Every exempt business that claims a credit under these provisions must request a certificate issued annually by the Energy Affairs Administration, which certifies the activities of a research and development project carried out in Puerto Rico that are eligible to apply for the tax credit as provided in Article 2.11 (c) of Act 83-2010. This certification shall be included with the return as a requirement to grant the tax credit claimed.

Line 1 – The term **eligible special investment** means the amount of cash used by the exempt business, or any entity affiliated to said exempt business, in research and development activities directly related with the production of green energy, including operating expenses, infrastructure or intellectual property, incurred or used directly in said activities.

Among the operating expenses the following will be included: payroll, including fringe benefits and professional services; insurance; tax, municipal license and licenses payments; rent; repair and maintenance expenses; net expense of electric power, water and telephone; and materials.

You must complete Part V of this Schedule and transfer the total to this line.

Line 3 – Enter 50% of the total credit generated for investment made in the current year. You may claim a maximum of 50% of the credit against the tax liability in the year the investment was made.

Line 4 – Enter the amount of credit not used in the previous year, if any.

Line 5 – This is the amount of credit available that the business may choose to claim against the tax liability for the current year. If you have made an eligible investment during the current year, you shall take into consideration 50% of the allowable credit for this year plus the amount of generated credit not claimed in previous years.

Line 7(a) – Enter the amount that you will claim against the tax liability in the current year and transfer to Schedule Y Incentives, Part II, line 5(c).

Line 7(b) – If you chose to assign, sell or in any way transfer totally or partially your credit, enter on this line the total amount transferred.

Line 8 – That part of the credit not used in the year in which the investment was made can be carried forward to subsequent years until totally used.

For additional information, refer to Article 2.11(c) of Act 83-2010 and the corresponding regulations.

PART IV – CREDIT FOR THE TRANSFER OF INTELLECTUAL PROPERTY

Any exempt business with a tax exemption decree granted under Act 83-2010, may claim a credit only against the green energy income tax equal to 12% of the payments made to corporations, partnerships or nonresident persons, for the use or right to use in Puerto Rico of intangible property in their exempt operation, provided that the income from such payments is from Puerto Rico sources.

The generated credit not used in the taxable year in which it was originated may be carried forward for a period that shall not exceed eight taxable years beginning with the closing of the taxable year in which it was originated.

OBLIGATION TO PAY ESTIMATED TAX

IMPORTANT NOTICE

Beginning on taxable year 2010, the requirement to file the Estimated Tax Declaration (Form 480-E) was eliminated. However, the obligation to make the estimated tax payments is still required.

ESTIMATED TAX COMPUTATION

The estimated tax computation will be made using an approximate calculation of the gross income that can reasonably be expected that the corporation will receive or accumulate, as applicable, depending on the accounting method in which the net income determination is based on, and an approximate calculation of the deductions and credits provided by the Code or special laws, including the non refunded tax paid in excess corresponding to the previous taxable year.

PAYMENT OF ESTIMATED TAX

The estimated tax for the taxable year will be paid in four installments:

- 1st installment: the 15th day of the fourth month
- 2nd installment: the 15th day of the sixth month
- 3rd installment: the 15th day of the ninth month
- 4th installment: the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the third month and prior to the first day of the sixth month of the taxable year, the installments will be:

- 1st installment: the 15th day of the sixth month
- 2nd installment: the 15th day of the ninth month
- 3rd installment: the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the fifth month and prior to the first day of the ninth month of the taxable year, the installments will be:

- 1st installment: the 15th day of the ninth month
- 2nd installment: the 15th day of the twelfth month

If the obligation to pay estimated tax arises for the first time after the last day of the eighth month and prior to the fifteenth day of the twelfth month of the taxable year, the estimated tax will be paid in its entirety on the 15th day of the twelfth month of the taxable year.

The estimated tax installments will be paid together with a payment coupon (Forms 480.E-1 or 480.E-2).

The estimated tax payments must be made through Payments Online ("Colecturía Virtual"), at the Internal Revenue Collections Offices or mailed to the Returns Processing Bureau to the following address:

DEPARTMENT OF THE TREASURY
RETURNS PROCESSING BUREAU
PO BOX 9022501
SAN JUAN PR 00902-2501

Payments with managers checks, checks or money orders at the Internal Revenue Collections Offices will be made payable to the Secretary of the Treasury.

For additional information, please call (787) 722-0216.

CHANGES IN THE ESTIMATED TAX COMPUTATION

If there is any change in the estimated tax computation as a result of a change in income, deductions or for any other reason, the remaining installments must be proportionally increased or reduced to reflect the increase or reduction in the estimated tax.

PENALTIES

Section 6041.10 of the Code establishes a 10% penalty of the amount not paid of any estimated tax installment. For these purposes, the estimated tax will be the smaller of:

- 1) 90% of the tax for the taxable year, or
- 2) the larger between:
 - a) the total tax determined as it results from the preceding year's income tax return, or
 - b) an amount equal to the tax computed at the rates and under the law applicable to the taxable year using the data included in the income tax return of the previous year.

The previous clause (2) will not be applicable if the previous taxable year was not a 12 month taxable year, or if the corporation filed a tax return for that previous taxable year in which no tax determined was reflected, without taking into consideration any credit to which it had been entitled, including credits for taxes withheld or paid. On the other hand, you can take into consideration any credit for taxes paid or accumulated during the taxable year to the United States, its territories and possessions, or any foreign country to which you are entitled.
