PART IV - CREDITS

On March 7, 2017, the Financial Advisory Authority and Fiscal Agency of Puerto Rico ("AAFAF", for its Spanish acronym) issued Administrative Order No. OA-2017-01 ("OA-2017-01") by which it created the Disbursements and Tax Concessions Authorization Committee ("CADCC", for its Spanish acronym) to which it granted certain authorizations regarding the evaluation and granting of tax credits and delegated the responsibility of establishing limitations regarding the use and availability of the tax credits granted. Also, OA-2017-01 ordered the Secretary of Treasury ("Secretary") to carry out an inventory of the tax credits granted and to require the holders of tax

credits to report the amount granted of said credits, in the manner that the Secretary establishes for said purposes. The administrative order also establishes that, any credit holder that does not show evidence issued by the Secretary of compliance with the information requirement, will not be able to claim said tax credits.

For such purposes, on April 20, 2017, the Department of the Treasury issued the Internal Revenue Informative Bulletin No. 17-08 to notify that the requirement to carry out the inventory of tax credits would be met by electronically filing Form 480.71.1 (Informative Return for Tax Credits Holders) and established that the requirement imposed by AAFAF to submit evidence of compliance with the information requirement in order to claim the tax credits, would be met by electronically filing Form 480.71.1. Therefore, in order to claim a tax credit that has been granted and available as of April 19, 2017, it must be included in Form 480.71.1 that the credit holder submitted to the Department.

For its part, on July 2, 2018, AAFAF, through Administrative Order No. OA-2018-10 ("OA-2018-10"), repealed the OA-2017-01 and left the CADCC without effect prospectively. For such purposes, Section 1051.15(b)(1) of the Code provides that for taxable years commenced after December 31, 2017, the tax credits will not be subject to the limitations set forth in the resolutions issued by the CADCC during its existence, therefore, they will be subject only to the rules of use established in the special law under which the tax credit is granted and the applicable provisions of the Code. However, credits covered under Section 1051.12(a)(4), (5) and (7) of the Code will be subject to the use limitation provided in Section 1051.13 of the Code.

However, OA-2018-10 establishes that the Secretary will continue to perform and maintain the inventory of all tax credits and maintains the requirement of the OA-2017-01 that the credit holder must show evidence issued by the Secretary of the compliance with the information requirement to be able to claim a tax credit.

PART III - TAX COMPUTATION

Line 3 - Credits

On March 7, 2017, the Financial Advisory Authority and Fiscal Agency of Puerto Rico ("AAFAF", for its Spanish acronym) issued Administrative Order No. OA-2017-01 ("OA-2017-01") by which it created the Disbursements

and Tax Concessions Authorization Committee ("CADCC", for its Spanish acronym) to which it granted certain authorizations regarding the evaluation and granting of tax credits and delegated the responsibility of establishing limitations regarding the use and availability of the tax credits granted. Also, OA-2017-01 ordered the Secretary of Treasury ("Secretary") to carry out an inventory of the tax credits granted and to require the holders of tax credits to report the amount granted of said credits, in the manner that the Secretary establishes for said purposes. The administrative order also establishes that, any credit holder that does not show evidence issued by the Secretary of compliance with the information requirement, will not be able to claim said tax credits.

For such purposes, on April 20, 2017, the Department of the Treasury issued the Internal Revenue Informative Bulletin No. 17-08 to notify that the requirement to carry out the inventory of tax credits would be met by electronically filing Form 480.71.1 (Informative Return for Tax Credits Holders) and established that the requirement imposed by AAFAF to submit evidence of compliance with the information requirement in order to claim the tax credits, would be met by electronically filing Form 480.71.1. Therefore, in order to claim a tax credit that has been granted and available as of April 19, 2017, it must be included in Form 480.71.1 that the credit holder submitted to the Department.

For its part, on July 2, 2018, AAFAF, through Administrative Order No. OA-2018-10 ("OA-2018-10"), repealed the OA-2017-01 and left the CADCC without effect prospectively. For such purposes, Section 1051.15(b)(1) of the Code provides that for taxable years commenced after December 31, 2017, the tax credits will not be subject to the limitations set forth in the resolutions issued by the CADCC during its existence, therefore, they will be subject only to the rules of use established in the special law under which the tax credit is granted and the applicable provisions of the Code. However, credits covered under Section 1051.12(a)(4), (5) and (7) of the Code will be subject to the use limitation provided in Section 1051.13 of the Code.

However, OA-2018-10 establishes that the Secretary will continue to perform and maintain the inventory of all tax credits and maintains the requirement of the OA-2017-01 that the credit holder must show evidence issued by the Secretary of the compliance with the information requirement to be able to claim a tax credit.

Every pass-through entity that reports the distributable share of a tax credit to its owners, must accompany with its Informative Return copy of Form 480.71.1 duly filed in the Department.

In case of exempt businesses which renegotiated their decrees under Act 135-1997 and are entitled to claim the same credits against the base period income tax and over the fixed rate under Act 135-1997, said credits can be claimed, at the exempt business option, up to the total amount allowed by law against the base period income tax or against the fixed rate; or allocated, up to the amount allowed by law, between the base period income tax and the fixed tax rate. The sum of the allocated amounts cannot exceed the total amount of the credit.

If this part includes credits subject to moratorium, you must check the box provided for this purpose. Also, you must report the amount net of the portion that is subject to moratorium.

Line 3(a) - Enter the credit granted as a result of an adjustment made by the Federal Internal Revenue Service or by means of Closing Agreement. In the case of credits of foreign entities which operations were covered by Section 936 of the Federal Internal Revenue Code of 1986, as amended, they are limited to 50% of the tax determined for each year. Also include on this line credits granted by means of Closing Agreement as a result of a mutual agreement procedure between the competent authorities of the corresponding jurisdictions. In the case of credits granted by means of Closing Agreement, they will only be claimed up to the limit established in the Closing Agreement.

Line 3(b) – Any exempt business with a decree granted under Act 135-1997, that is a subsidiary of a U.S. parent company, that reflects a loss in the consolidated federal return or is under bankruptcy proceedings under federal regulations, will be allowed to claim a credit against the fixed tax applicable to the industrial development income (IDI) earned during the taxable year of the loss. For additional information, refer to Section 5(a) of Act 135-1997.

Line 3(c) - Some exempt businesses may request authorization to credit the excess of a hundred million dollars (\$100,000,000) of annual taxes withheld over royalty payments, rents, royalties and license fees, with respect to certain high technology products, against the tax imposed by Section 3 of Act 135-1997 over such high technology products. In order to identify the exempt businesses which qualify for the credit and the definition of high technology products and additional information, refer to Section 5(C) of Act 135-1997.

Lines 3(d) through 3(i) - Refer to the instructions of Schedule X1 Pass-Through Entity.

PART I - COMPUTATION OF THE SPECIAL DEDUCTIONS

Use this Schedule to determine the special deductions allowed: payroll deduction, human resources training and improvement expenses deduction, research and development expenses deduction, and special deduction for investment on buildings, structures, machinery and equipment.

PAYROLL DEDUCTION

In addition to other deduction provided by law, every exempt business with a decree under this act engaged in the manufacture and that generates a net income from its exempt operations (computed without taking into consideration the benefit of the special deductions provided in Section 4 of the act) of less than \$30,000 per production job, will be allowed to claim a special payroll deduction equivalent to 15% of the production payroll of the exempt business, up to 50% of the IDI, computed without the benefit of the production payroll special deduction.

The exempt business that has a decree under this act engaged in manufacture, which IDI computed without the benefit of the special deductions provided in Section 4 on any taxable year is less than \$500,000, and has kept an average employment of 15 or more persons during said taxable year, is allowed to deduct the first \$100,000 of said income in order to be totally exempt from the payment of the IDI fixed tax rate provided in Section 3(a) of this act. For additional information, refer to Section 4(a) of Act 135-1997.

RESEARCH AND DEVELOPMENT EXPENSES DEDUCTION

A special deduction will be allowed equal to the expenses incurred in the research and development of new products or industrial processes, or the improvement of said products and processes, that are deductible in the taxable year under the Code (subject to certain limitations).

SPECIAL DEDUCTION FOR THE INVESTMENT ON BUILDINGS, STRUCTURES, MACHINERY AND EQUIPMENT

Every exempt business that has a decree under Act 135-1997, is allowed to elect to deduct on the taxable year incurred, instead of any expense capitalization required by the Code, the total expenses incurred after the effective date of such act, in the purchase, acquisition or construction of buildings, structures, machinery and equipment, as long as said buildings, structures, machinery and equipment have not been used or depreciated previously by any other business or person in Puerto Rico, and are used in the manufacture of products or to render the services for which said benefits were provided under the act.

Line 9 - In those cases in which the exempt business is allowed to claim more than one of the previously mentioned special deductions, the sum of said deductions after determining the amount that is allowed before taking into consideration the limitation based on the IDI, results in an excess of the IDI for said year, or that the exempt business cannot claim the total benefit of said deduction for said year, it will determine the limitation of the special deductions following the order indicated in Part II.

On the other hand, an eligible business that at the date of its incentives application, is dedicated to the activity for which the benefits of this Act are granted, as provided by Section 3(g), will be able to enjoy the fixed tax rate on industrial development income provided by Section 3, only regarding the increase that the net income from such activity generates over the average net income of the last three (3) taxable years previous to the date of submitting the application (base period income).

The base period income will be subject to the income tax rates provided by the Code. This income will be adjusted, reducing such amount by 25% annually, until it is reduced to zero for the fourth taxable year of application of the terms provided in the exempt business decree under this Act.

Line 8 – Refer to the instructions of line 6, Part II of this Schedule.

Line 9 - Transfer this amount to Part IX, line 3, Column of “Net Income” of the return.

PART IV – TAX COMPUTATION

Line 1 – Check the corresponding tax rate, as provided in your exemption decree granted under Act 73-2008.

Act 73-2008 provides, among other things, that any exempt business with a decree granted under this Act, that is located or locates its operations in a municipality classified as low industrial development zone or intermediate industrial development zone, as provided by Section 11 of the Act, may reduce the established fixed income tax rate by an additional .5%. In those cases in which an exempt business with a decree granted under this Act maintains operations in more than one industrial zone, such exempt business shall enjoy said reduction regarding the industrial development income attributable to its operations in the low industrial development zone or intermediate industrial development zone, according to the rules of attribution provided by regulation.

Line 3 – Credits

On March 7, 2017, the Financial Advisory Authority and Fiscal Agency of Puerto Rico (“AAFAP”, for its Spanish acronym) issued Administrative Order No. OA-2017-01 (“OA-2017-01”) by which it created the Disbursements and Tax Concessions Authorization Committee (“CADCC”, for its Spanish acronym) to which it granted certain authorizations regarding the evaluation and granting of tax credits and delegated the responsibility of establishing limitations regarding the use and availability of the tax credits granted. Also, OA-2017-01 ordered the Secretary of Treasury (“Secretary”) to carry out an inventory of the tax credits granted and to require the holders of tax credits to report the amount granted of said credits, in the manner that the Secretary establishes for said purposes. The administrative order also establishes that, any credit holder that does not show evidence issued by the Secretary of compliance with the information requirement, will not be able to claim said tax credits.

For such purposes, on April 20, 2017, the Department of the Treasury issued the Internal Revenue Informative Bulletin No. 17-08 to notify that the requirement to carry out the inventory of tax credits would be met by electronically filing Form 480.71.1 (Informative Return for Tax Credits Holders)

and established that the requirement imposed by AAFAF to submit evidence of compliance with the information requirement in order to claim the tax credits, would be met by electronically filing Form 480.71.1. Therefore, in order to claim a tax credit that has been granted and available as of April 19, 2017, it must be included in Form 480.71.1 that the credit holder submitted to the Department.

For its part, on July 2, 2018, AAFAF, through Administrative Order No. OA-2018-10 ("OA-2018-10"), repealed the OA-2017-01 and left the CADCC without effect prospectively. For such purposes, Section 1051.15(b)(1) of the Code provides that for taxable years commenced after December 31, 2017, the tax credits will not be subject to the limitations set forth in the resolutions issued by the CADCC during its existence, therefore, they will be subject only to the rules of use established in the special law under which the tax credit is granted and the applicable provisions of the Code. However, credits covered under Section 1051.12(a)(4), (5) and (7) of the Code will be subject to the use limitation provided in Section 1051.13 of the Code.

However, OA-2018-10 establishes that the Secretary will continue to perform and maintain the inventory of all tax credits and maintains the requirement of the OA-2017-01 that the credit holder must show evidence issued by the Secretary of the compliance with the information requirement to be able to claim a tax credit.

Every pass-through entity that reports the distributable share of a tax credit to its owners, must accompany with its Informative Return copy of Form 480.71.1 duly filed in the Department.

In case of exempt businesses which renegotiated their decrees under Act 73-2008 and are entitled to claim the same credits against the base period income tax and over the fixed rate under Act 73-2008, said credits can be claimed, at the exempt business option, up to the total amount allowed by law, against the base period income tax or against the fixed rate; or allocated, up to the amount allowed by law, between the base period income tax and the fixed tax rate. The sum of the allocated amounts cannot exceed the total amount of the credit.

If this part includes credits subject to moratorium, you must check the box provided for this purpose. Also, you must report the amount net of the portion that is subject to moratorium.

Lines 3(a) through 3(h) – Refer to the instructions of Schedule X1 Pass-Through Entity.

Line 5 – Every exempt business under Act 73-2008 will be subject to a minimum tax. In the case of a small or medium business, such tax will be 1% of the net industrial development income of the business. For a local investment business, it will be 3% of the net industrial development income. In the other cases, it will be the fixed income tax rate provided by law applicable to the business multiplied by the net industrial development income, excluding the income under subsection (j) of Section 2 of the Act.

Line 7 – Subtract the tax withheld on royalty payments made during the year.

Line 8 – The payment required for minimum tax will be equal to the excess of the minimum tax over the net tentative tax. As the net tentative tax exceeds the minimum tax, the exempt business will not have to make a payment for minimum tax.

The credit may be applied, at the option of the exempt business, against the income tax of the business and/or against the operating expenses of the business related to electric power, water and sewage.

It is important to point out that the Department of the Treasury issued Tax Policy Informative Bulletin No. 16-12 (IB 16-12) to notify that in order for the exempt business to claim this credit against the operating costs related to electric power, water and sewage, the Department must have issued a certification establishing that it has the funds to cover such operating costs, according to Act 22-2016.

The credit may be claimed in two or more installments: up to 50% of said credit may be claimed in the year the eligible investment is made and the balance in subsequent years until totally used, provided that such limitation shall not apply to operating expenses of said exempt business related to electric power, water and sewage.

Every exempt business that claims a credit under these provisions must request an accrediting certificate issued annually by the Puerto Rico Industrial Development Company which certifies the activities of a research and development project realized in Puerto Rico that are eligible to request the tax credit provided in Section 5(c) of Act 73-2008. Said certification must be included with the return as a requirement to grant the credit claimed.

Line 1 – The term **special eligible investment** means the amount of cash used by the exempt business with a decree issued under any Puerto Rico incentives act, or any entity affiliated to said exempt business in research and development activities, including operating expenses, clinical trials, toxicology tests, infrastructure, renewable energy or intellectual property.

Among the operating expenses the following will be included: payroll, including fringe benefits and professional services; insurance; tax, municipal license and licenses payments; rent; repair and maintenance expenses; net expense of electric power, water and telephone; and materials.

Any exempt business with a tax exemption decree may claim a credit against the income tax of 50% of its eligible investment made after May 28, 2008.

In case of an eligible investment made by an exempt business to generate energy for its own consumption, the credit shall not exceed 25% of the income tax. Nevertheless, in order to qualify as an eligible investment, such business must request a certification from the Energy Affairs Administration (EAA) regarding the investment made during the corresponding period.

On the other hand, an eligible investment made by an exempt business engaged in the production, whether on a commercial scale or not, of energy for consumption in Puerto Rico through the use of natural gas or coal, or through the use of renewable sources (businesses under Section 2(d)(1)(H) of Act 73-2008 or a similar provision under previous incentives acts) in order to establish or make a substantial expansion in its energy generating operations, the maximum amount of credit that can be granted will be eight million dollars (\$8,000,000) per establishment or substantial expansion. In the case of an additional eligible investment realized by the same exempt business, such maximum amount will be reduced for the amount of credit claimed by the exempt business in a previous taxable year regarding any previous eligible investment.

Every business under these provisions must request a preliminary certification from the EAA in which there shall be stated that the machinery and equipment that the exempt business intends to acquire meets all the regulations and conditions established and the estimated total of the eligible investment. After the business is established or the substantial expansion is completed, the business must request a final certification from the EAA.

The credit for businesses under **Section 2(d)(1)(H) of Act 73-2008 or a similar provision of previous incentives acts**, will be subject to the taxpayer's request and the approval by the Secretary of the Treasury of an administrative determination under Act 73-2008 and its corresponding regulations. You must include with the return copy of the determination, along with the information required in the determination letter.

For purposes of this credit, **eligible investment** means, in general terms, the amount of cash used for the acquisition of machinery and equipment to generate energy with alternative fuels to oil.

After the third year Act 73-2008 is in effect, only purchases of machinery and equipment to generate energy from renewable sources shall qualify for the credit.

PART II – TAX COMPUTATION

Line 3 – Credits

On March 7, 2017, the Financial Advisory Authority and Fiscal Agency of Puerto Rico ("AAFAF", for its Spanish acronym) issued Administrative Order No. OA-2017-01 ("OA-2017-01") by which it created the Disbursements and Tax Concessions Authorization Committee ("CADCC", for its Spanish acronym) to which it granted certain authorizations regarding the evaluation and granting of tax credits and delegated the responsibility of establishing limitations regarding the use and availability of the tax credits granted. Also, OA-2017-01 ordered the Secretary of Treasury ("Secretary") to carry out an inventory of the tax credits granted and to require the holders of tax credits to report the amount granted of said credits, in the manner that the Secretary establishes for said purposes. The administrative order also establishes that, any credit holder that does not show evidence issued by the Secretary of compliance with the information requirement, will not be able to claim said tax credits.

For such purposes, on April 20, 2017, the Department of the Treasury issued the Internal Revenue Informative Bulletin No. 17-08 to notify that the requirement to carry out the inventory of tax credits would be met by electronically filing Form 480.71.1 (Informative Return for Tax Credits Holders) and established that the requirement imposed by AAFAF to submit evidence of compliance with the information requirement in order to claim the tax credits, would be met by electronically filing Form 480.71.1. Therefore, in order to claim a tax credit that has been granted and available as of April 19, 2017, it must be included in Form 480.71.1 that the credit holder submitted to the Department.

For its part, on July 2, 2018, AAFAF, through Administrative Order No. OA-2018-10 ("OA-2018-10"), repealed the OA-2017-01 and left the CADCC without effect prospectively. For such purposes, Section 1051.15(b)(1) of the Code provides that for taxable years commenced after December 31, 2017, the tax credits will not be subject to the limitations set forth in the resolutions issued by the CADCC during its existence, therefore, they will be subject only to the rules of use established in the special law under which the tax credit is granted and the applicable provisions of the Code. However, credits covered under Section 1051.12(a)(4), (5) and (7) of the Code will be subject to the use limitation provided in Section 1051.13 of the Code.

However, OA-2018-10 establishes that the Secretary will continue to perform and maintain the inventory of all tax credits and maintains the requirement of the OA-2017-01 that the credit holder must show evidence issued by the Secretary of the compliance with the information requirement to be able to claim a tax credit.

Every pass-through entity that reports the distributable share of a tax credit to its owners, must accompany with its Informative Return copy of Form 480.71.1 duly filed in the Department.
