Forward-Looking Statements

The information included in this presentation contains certain “forward-looking” statements. These forward-looking statements may relate to the fiscal and economic condition, economic performance, plans and objectives of the Commonwealth of Puerto Rico (the “Commonwealth”) and/or its agencies or instrumentalities. All statements contained herein that are not clearly historical in nature are forward-looking, and the words “anticipates,” “believes,” “continues,” “expects,” “estimates,” “intends,” “aims,” “projects,” and similar expressions, and future or conditional verbs such as “will,” “would,” “should,” “could,” “might,” “can,” “may,” or similar expressions, are generally intended to identify forward-looking statements.

These statements are not guarantees of future performance and involve certain risks, uncertainties, estimates, and assumptions by the Commonwealth and/or its agencies or instrumentalities that are difficult to predict. The economic and financial condition of the Commonwealth and its agencies or instrumentalities is affected by various financial, social, economic, environmental, and political factors. These factors can be very complex, may vary from one fiscal year to the next, and are frequently the result of actions taken or not taken, not only by the Commonwealth and/or its agencies or instrumentalities, but also by entities such as the government of the United States of America or other nations that are not under the control of the Commonwealth. Because of the uncertainty and unpredictability of these factors, their impact cannot, as a practical matter, be included in the assumptions underlying the Commonwealth’s or its agencies or instrumentalities’ projections.

The prospective financial information set forth in this presentation was not prepared with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information. The financial information herein was prepared by the officers of the Commonwealth or its agencies or instrumentalities responsible for the preparation of such information and reflects the Commonwealth’s revenue estimates prepared in connection with the General Fund budget for fiscal year 2016. However, this information is not fact and should not be relied upon as being necessarily indicative of future results, and readers of this presentation are cautioned not to place undue reliance on the prospective financial information. Neither the Commonwealth’s nor any agency or instrumentality’s independent auditors, nor any other independent auditor, have compiled, examined, or performed any procedures with respect to the prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability and disclaim any association with the prospective financial information. Neither the Commonwealth’s nor any agency or instrumentality’s independent auditors, nor any other independent auditors, have been consulted in connection with the preparation of the prospective financial information set forth in this presentation, which is solely the product of the Commonwealth and/or its agencies or instrumentalities, and the independent auditors assume no responsibility for its content.
