Introduction

- Enclosed is the monthly Treasury Single Account ("TSA") cash flow report and supporting schedules with monthly YTD FY2024 actual results compared to the FY2024 Liquidity Plan("LP").
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Federal funds related to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act have been deposited into bank accounts overseen by Hacienda, but separate from the TSA.
- Sistema Unificado de Rentas Internas ("SURI") is the new digital platform designed to integrate and streamline the administration of taxes and revenues. Collections are initially deposited into a SURI sweep account outside of the TSA. Collections must be verified and reconciled before they can be swept into the TSA. The reconciliation process is still being refined, and as a result, there have been significant delays in transferring collections from the sweep account to the TSA. The SURI sweep account balance is reported on page 5 of this report.
- Data limitations and commentary:

The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

Other State Fund Collections Summary

Key Takeaways / Notes

- 1) Other State Fund Collections are higher than projected in the Liquidity Plan. The variance in Special Revenue Fund is mainly driven by timing differences.
- 2) Other state collections variance is mainly driven by funds received by taxes collected from U.S. Customs and Border Protection (CBP) of \$205M received in November 27, 2023, which was 65% higher than projected. In addition, collections from Gambling Commission of the Government of Puerto Rico are \$119M higher than projected. This is largely due to a change for FY2024 that increased the required percentage of slot machine income that casinos pass through to the government from 60% to 100%.

Federal Funds Net Cash Flow Summary

Key Takeaways / Notes

- 1) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. There may be temporary week to week surplus / (deficit) due to timing differences. These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account.
- 2) As of the date of this report, \$360M of reimbursements related to Coronavirus Relief Fund (CRF) and Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) has been received and (\$365M) was disbursed and is reported as All Other Federal Funds Transfers; with a net cash flow of (\$5M).
- 3) The Federal Funds are currently higher than projected. The positive YTD variance is mainly driven by lower than projected operating disbursements of \$206M, Medicaid by \$60M, NAP by \$26M. This is partially offset by higher than projected expenses from All Other Federal Programs of \$111M and Payroll and related costs of \$34M.
- 4) On March 6, a federal fund reimbursement of \$452M related to the Earned Income Tax Credit (EITC) was transferred to the General Fund.

Footnotes

- (a) Please note that federal fund classification as represented here is based on the fund classification at the point of transaction. Agencies regularly review cash transactions and make accounting adjustments that result in fund reclassifications.

Vendor Disbursements (\$M)	YTD Variance
Department of Education	\$ 448
Department of Health	186
Department of Correction and Rehabilitation	4

State Funded Budgetary Transfers Summary

Key Takeaways / Notes

- 1) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY24 divided by twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity.

(a) Data presented above represents the Central Government live AP Web Portal repository of third party and intergovernmental invoices by agency, implemented in FY2019. The full transition to managing central government payables through the web portal is complete, however government agencies and vendors continue to analyze the information contained in this report to ensure its accuracy. Ongoing efforts with the largest agencies and their vendors to implement the appropriate processes and controls needed to realize improvements in reporting and efficiency continue as of the date of this report.
 (b) On a go-forward basis, vendors submit invoices for approval through the live AP Web Portal where they are logged electronically, matched with the appropriate purchase order or other relevant documentation, and approved / vouchered at the agency level through the online interface.
