This number must consist of nine digits and cannot be repeated for the same employer, same form type, and same tax year. **Starting tax year 2019 the sequence from 900000000 to 999999999 will be reserved only for the use of the Department for all other submissions, excluding text file submissions.**

III. Substitute Forms

Authorization is required to prepare substitute forms of the W-2c. Authorization must be requested from the Forms and Publications Division. You may contact the Forms and Publications Division sending an email to forms@hacienda.pr.gov.

IV. Representative

Representatives filing on behalf of an employer need to be registered in SURI and be authorized by the employer to access the taxpayer's account. For more information, please refer to Internal Revenue Circular Letter No. 18-16 available at www.hacienda.pr.gov. Once authorized, the representative will be able to submit files via the employer's SURI account.

V. Filing for Previous Years

Filings from 2014 to 2024 must be made in SURI using the appropriate filing requirements for the specific tax year of the submission. Publications for each tax year are available on Hacienda's website www.hacienda.pr.gov in the "*Patronos y Agentes Retenedores*" section. Control numbers for previous year's submissions must be assigned by the employer. Control numbers should consist of nine 9 digits and cannot be repeated for the same employer, form type, and tax year.

CHECKLIST TO AVOID COMMON MISTAKES

- ☐ The same printed Form 499R-2c/W-2cPR (“W-2c”) will be used for all purposes: to deliver a copy to the Social Security Administration, to deliver a copy to the employee and to keep a copy for your records. The Department will only accept electronic submissions via SURI.
- ☐ The number sequence from 900000000 to 999999999 was not used since the same is reserved for the Department’s purposes only, as instructed in this publication.
- ☐ Verify each Form W-2c has a printed confirmation number. This confirmation will be provided by SURI after the filing process is complete. The number will consist of ten 10 digits starting with a letter. Your confirmation number will consist of 11 characters (1 letter and 10 digits). Printed forms without the corresponding confirmation number are not considered filed. Please be aware that the confirmation number will not be available until after the submission is processed. Submissions are processed in batch at the end of every business day.
- ☐ In order to file a W-2c, a W-2 must have been filed. Otherwise, it will be rejected.
- ☐ Make sure each data file submitted is complete. **Code SU through Code RF records are all required.**
- ☐ We require that each record has a record delimiter (CR - Carriage Return followed by LF - Line Feed) at end of the record and placed immediately following character position 550.
- ☐ All records included in the Electronic Filing must be for the **same tax year**.
- ☐ Make sure the file only includes information for one employer.
- ☐ Authorization from the Forms and Publications Division to prepare substitute forms of W-2c must be requested.
- ☐ Be sure to enter the tax year being corrected in the Code SU record (Submitter Record), location 3-6.
- ☐ Remember to enter the W-2c control number in the Code E0 record (Employee Wage Record), location 320-328. **The sequence from 900000000 to 999999999 cannot be used.** This number is not the same as the Original Control Number of the W-2 that is being corrected.
- ☐ Be sure to enter the original control number for the W2 being corrected in the Code E0 record (Employee Wage Record), location 329-337. If the number does not match an existing W2 submission for the employer and tax year, then the W-2c submission will be rejected.

- ❑ All money fields must be numeric. No decimal punctuation or high and low order signs are allowed except for amounts in the E3 record (Difference Between E1 and E2 Records). Remember that money fields must contain zeros if no other amount is applicable.

FREQUENTLY ASKED QUESTIONS

1. How do I report corrected wage amounts?

Column a) (E1 Record Type) *“As Originally Reported”* must report all values as they were filed on the original W-2PR. If the amounts do not match the originally reported values the submission will be rejected.

Column b) (E2 Record Type) *“Correct Information”* must report all wage values regardless of whether they are corrected or not.

Column c) (E3 Record Type) *“Increase (Decrease)”* is to report the difference between Column **a** and Column **b**. If the value is not being corrected (value **a** is the same as value **b**) then report 0 in this field. These values may show negative amounts.
