Errors in the W-2c Corrected Withholding Statement Year 2021

**Analysis and Programming Division
Rev. October 5, 2021**

Introduction

This guide contains a reference table with the description of possible errors that may occur during the filing process of the Corrected Withholding Statement file (Form 499R-2c/W-2cPR), based on Publication 21-02, “Developer Guide Form 499R-2c/W-2cPR Electronic Filing Requirements for Tax Year 2021”.

The purpose of this document is to:

1. Give developers the necessary information to configure these error conditions in their system and determine if the file contains an error before submitting it;
2. Streamline and facilitate the filing process;
3. Create a reference table that contains the following information:
 - i. error code;
 - ii. error description;
 - iii. record type; and
 - iv. the position of the field in error within the record.

Filing Types

The text files that include the Corrected Withholding Statements (“W-2C”), can be filed *only* through the Internal Revenue Integrated System (“SURI”, for its Spanish acronym). It will receive the error responses that the file contains. If it has any error, it will be rejected.

If the system identifies that the text file has validation errors, the following information will be displayed:

Errores en el anejo Filtro

Código de error	Mensaje de error	Número de línea	Posición
CONTN3	El Número Control debe ser numérico.	11	356-364
EXCO11	El código de exención A o B para salarios exentos es inválido. Los únicos valores aceptados en este campo	14	243-244
CONTN2	Tiene que proveer un número de control único.	14	356-364
CONTN2	Tiene que proveer un número de control único.	17	356-364

4 Filas

The system will show: a) the error code, ii) error message, iii) line number in the file, and iv) the position of the field in the record where the error was identified.

Error Reference Table (Forms 499R-2c/W-2cPR)

This table describes the possible error codes that may occur during the file validation. For each error code there is a description, a record type, and the position of the error.

Note: This error reference table may be subject to change. We encourage you to continually access our website, www.hacienda.pr.gov under the section “Patronos y Agentes Retenedores” and click the link “Publicaciones Patronos y Agentes Retenedores” to verify if there is an updated version.
